 Publisher's Note: Products purchased from 3rd Party sellers are not guaranteed by the Publisher for quality, authenticity, or access to any online entitlements included with the product. *Frames of Reference for Pediatric Occupational Therapy*, Fourth Edition, uses frames of reference for diagnostic categories: neurodevelopment, social participation, etc., as effective blueprints for applying theory to pediatric OT practice. Updated with new chapters, case examples, and a new focus on evidence-based practice, this proven approach helps students understand the why of each frame of reference before moving on to the how of creating effective treatment programs to help pediatric clients lead richer, fuller lives. The book first covers the foundations of frames of reference for pediatric OT (Section I) and then covers commonly used frames of reference such as motor skill acquisition, biomechanical, and sensory integration (Section II). A final section discusses newer, focused, specific frames of reference like handwriting skills and social participation. A standardized format within each frame of reference chapter covers the same elements: Theoretical Base, Supporting Evidence, the Function/Dysfunction Continuum, Guide to Evaluation, and Application to Practice, to help students build the knowledge and skills needed for effective practice. **Kidex for Fours**

 The past decade has seen an explosion of lifestyle makeover TV shows. Audiences around the world are being urged to renovate everything from their homes to their pets and children, while lifestyle experts on TV now tell us what not to eat and what not to wear. Makeover television and makeover culture is now ubiquitous, and yet compared with reality TV shows like *Big Brother* and *Survivor*, there has been relatively little critical attention paid to this format. This exciting collection of essays, written by leading media scholars from the UK, US, and Australia, aims to reveal the reasons for the huge popularity and influence of the makeover show. Written in a lively and accessible manner, the essays brought together here will help readers make sense of makeover TV by offering a range of different approaches to understanding the emergence of this popular cultural phenomenon. Looking at a range of shows from *The Biggest Loser* to *Trinny and Susannah Undress*, essays include an analysis of how and why makeover TV shows have migrated across such a range of TV cultures, the social significance of the rise of home renovation shows, the different ways in which British versus
