Deepening Democracy Joseph Tharamangalam, Jos Chathukulam, 2022-12-30 This book examines the renewed interest and commitment that countries across the world have shown in recent decades towards adopting models of decentralising or downsizing the state and moving towards more participatory models of government It examines systems of decentralised development such as self managing co operatives from a global and comparative perspective with a focus on developing countries Drawing on examples from Kerala and a few other states in India as well as Cuba Bangladesh and South Africa among other countries the book offers critical perspectives on the positive impacts of these experiments and the promises these offer for the future It discusses the challenges of implementing these models how well these work in coordination with the civil society and the state issues of transparency and democratic oversight as well as corruption and capture of power due to entrenched structures of inequality The volume analyses welfare and development models and self management interventions in countering the effects of the COVID 19 pandemic It also looks at the merits and demerits of decentralisation in countering the global socioeconomic and environmental crisis and the rise of authoritarian populism in many countries The book will be of interest to students and researchers of development studies political science business community development social justice as well as of co operative management programmes It will also appeal to students of political economy as well as development professionals think tanks and policymakers

Economics of Means-Tested Transfer Programs in the United States, Volume II Robert A. Moffitt, 2016-11-15 Few programs in the United States are as controversial as those that constitute the country's safety net which in the past few decades have been broadly transformed and substantially increased in size and scope Many of these programs were discussed in the popular NBER book Means Tested Transfer Programs in the United States published in 2003 This new book sheds light on changes in programs and the results of new research since the first volume Each volume of Economics of Means Tested Transfer Programs in the United States explores four programs in particular This second volume looks into the less standard or newer transfer programs which include Supplemental Security Income Low Income Housing Policy Employment and Training Programs and Early Childhood Education Both volumes of Means Tested Transfer Programs in the United States will constitute a unique single source reference containing analysis of the origins successes failures and developments in the most important recent means tested transfer programs in the United States

Canada is in a new era For 35 years the country has become vastly wealthier but most people have not For the top 1% and even more for the top 0.1% the last 35 years have been a bonanza Canadians know very well that there is a huge problem It is expressed in resistance to tax increases concerns over unaffordable housing demands for higher minimum wages and pressure for action on the lack of good full time jobs for new graduates This book documents the dramatic and rapid growth in inequality It identifies the causes And it proposes meaningful steps to halt and reverse this dangerous trend Lars Osberg looks separately at the top middle and bottom of Canadian incomes He provides new data which will surprise even shock many readers He explains how trade deals have contributed to putting a lid on incomes for workers The gradual decline of unions in the private sector has also been a factor On the other end of the scale he explains the growing high salaries for corporate executives managers and some fortunate professionals Lars Osberg believes that increasing inequality is bad for the country and its unfairness is toxic to public life But there is nothing inevitable about this and he points to innovative measures that would produce a fairer distribution of wealth among all Canadians **2024-25 TGT/PGT/LT-Grade/GIC**
