*Flows and Practices* Mehta, Lyla, Derman, Bill, 2017-05-19 For the past two decades Integrated Water Resources Management IWRM has been the dominant paradigm in water resources This book explores how ideas of IWRM are being translated and adapted in Mozambique South Africa Tanzania Uganda and Zimbabwe Grounded in social science theory and research it highlights the importance of politics history and culture in shaping water management practices and reform and demonstrates how Africa has clearly been a laboratory for IWRM While a new cadre of professionals made IWRM their mission we show that poor women and men may not have always benefitted In some cases IWRM has also offered a distraction from more critical issues such as water and land grabs privatisation the negative impacts of water permits and a range of institutional ambiguities that prevent water allocations to small and poor water users By critically examining the interpretations and challenges of IWRM the book contributes to improving water policies and practices and making them more locally appropriate in Africa and beyond

**Zimbabwe's Trajectory** V. Masunungure, 2020-11-11 At Independence in 1980 Julius Nyerere called Zimbabwe the jewel of Africa and cautioned its new leaders not to tarnish it Tragically they paid no heed to Africa's esteemed elder statesmen Arguably and only if one ignores the carnage of Gukurahundi the first decade was a developmental one with resources being used prudently to benefit the formerly disadvantaged majority population However the 1990s witnessed a transition from a developmental to a predatory leadership which saw Zimbabwe cross the millennial line in crisis where it has remained ever since While many African countries have moved forward over the last three decades Zimbabwe has gone relentlessly backwards save for the four year interregnum of the tripartite coalition government 2009-2013 Virtually all development indicators point in the wrong direction and the crisis of poverty unemployment and the erosion of health education and other public goods continues unabated The imperatives of political survival and power politics supersede those of sound economics and public welfare Moreover unless good politics are conjoined with a sound people first policy the country will continue sliding downhill Zimbabwe's Trajectory tells the story of the country's post independence dynamics and its recent descent into becoming one of the three most unhappy countries in the world

students and scholars of international relations in the contemporary situation      *Telemedicine in Low-Resource Settings* Richard Wootton,2015-04-24 Telemedicine networks to support healthcare workers in resource limited settings often for humanitarian purposes have evolved over the last decade or so in a largely autonomous way Communication between them has been informal and relatively limited in scope This situation could be improved by developing a comprehensive approach to the collection and dissemination of information A recent review identified seven telemedicine networks each of which had been in operation for at least five years and which provided store and forward telemedicine services to doctors in low and middle income countries These networks provide clinically useful services and improved healthcare access However like much of telemedicine the formal evidence for their cost effectiveness remains weak Topics of current research interest therefore include the cost effectiveness of telemedicine in resource limited settings Outcomes data and methods for gathering it such as patient quality of life following a telemedicine episode the knowledge gain of healthcare staff involved in telemedicine and staff recruitment and retention in rural areas are also of interest Finally there is little published information about the performance of these telemedicine networks and methods for measuring it about how best to manage them and about how to share resources between them A collection of articles reporting the current evidence supporting the use of telemedicine in resource limited settings would build the evidence base and should provide a focus for future research It would also serve to raise the profile of this potentially important research field      *Capital and Politics* Greg Albo,Alfredo Saad-Filho,Nicole Aschoff,2022-12-01 The 59th annual volume of the Socialist Register examines the growth of corporate power and other important organizational trends in global capitalism Rejecting such notions as stakeholder capitalism it reviews the organization and strategies of unions and the left as it searches for new routes to socialism      **African Refugees** Toyin Falola,Olajumoke Yacob-Haliso,2023-01-03 African Refugees is a comprehensive overview of the context causes and consequences of refugee lives discussing issues policies and solutions for African refugees around the world It covers overarching topics such as human rights policy frameworks refugee protection and durable solutions as well as less studied topics such as refugee youths refugee camps LGBTQ refugees urban refugees and refugee women It also takes on rare but emergent topics such as citizenship and the creativity of African refugees Toyin Falola and Olajumoke Yacob Haliso showcase the voices and experiences of individual refugees through the sweep of history to tell the African refugee story from the historical past through current developments covering the full range of experience from the causes of flight to living in exile all while maintaining a persistent focus on the complicated search for solutions African Refugees recognizes African agency and contributions in pursuit of solutions for African refugees over time but avoids the pitfalls of the colonial gaze where refugees are perpetually pathologized and Africa is always the sole cause of its own problems seeking to complicate these narratives by recognizing African refugee issues within exploitative global colonial and neo colonial systems of power      *Routledge Handbook of Natural Resource Governance in Africa* Hany Besada,Cristina D'Alessandro,Tefsi
