Film Essay

I know that everybody in the world has watched at least one movie no matter what kind of movie it is I know that almost every boy, girl, woman, and man have a favorite movie. I remember the first time I watched the movie *Love & Basketball*. I liked it right away and the reason being is because I like basketball a lot and I could watch that movie over and over, because it was interesting and it gave me some facts on what to and what not to do when you have to choose between your career and the love of your life. My favorite movie is *ATL*. I remember the first time I watched *ATL* I didn't like it, but as I got older I was learning what the whole meaning of the movie was. The reasons I liked *ATL* were the actors, music, and the theme.

The reason why I liked *ATL* is because I liked the part of Lauren London "New New" that was her nickname in the movie. She did well in this movie and she played the role as Tip Harris' girlfriend and she both knew how to skate and were in skating battles at the skating place called "CASCADES." She did well in this movie because she was living a double life and didn't get caught until the end not saying that's good but she played it off well. She acted like she was living in the "ghetto" when she really lived in a rich neighborhood and went to a charter school.

The other reason why is because the song in the movie where they was in the car on their way to the skating ring and the song *At Your Best* came on, and they start singing to each other. I like romantic scenes like that. The other time when they were at the party *Walk it out* came on and they all start dancing. It reminded me of when I was at a party and it got me in the mood for a party.

This movie taught me a lesson about "when you try to live a double life it will eventually catch up with you." The reason being is because there's a saying "what goes around comes around" and that is true because if you do something bad or good to a person or do anything in particular it will always come back to you no matter how long it takes. In this movie Lauren London got caught by her dad and her boyfriend because she was fooling her dad acting like a good girl and fooling her boyfriend acting like this "ghetto" girl. So it caught up with her and she lost her dad's trust and her boyfriends trust also.

Again *ATL* is one of my favorite movies because of Lauren London and how well she performed in this movie and Lauren London is one of the best actors to me right now out of all the movies I have watched that she played in. The main reasons are the actors, music and theme. The theme "when you try to live a double life it will eventually catch up with you." Goes well with the character Lauren London in this movie and is one thing that everybody needs to know. Without the music and sound tracks this movie would have not been as good as it was. I don't know if they will come out with an *ATL 2* but I would hope so and I would like the person to watch this movie also. If there is an *ATL 2* coming out I'm not sure if it will be as good as the second one because the first is always the best in most cases but we will just have to wait and see.
