

**Writing Assignment:
Critical Review of "World Music" Essay**

Choose from Topic A.

- Suggested length:
3 pages or 600 words and a reference page
- Final Paper Due

Topic A:

A defining feature of "world music," "world beat," or "ethno-pop," as it has variously been called, is the production of recordings by well-known American and European pop musicians that include traditional musicians from other cultures performing in a back-up role, or that call attention to themselves by the use of musical exotica extracted from traditional cultures. Such recordings suggest a range of issues and questions that invite critique and debate. Some of these are listed below:

1. How do a recording's musical arrangements, title, graphics, and accompanying notes represent the relationship between Western lead musicians and participating traditional musicians?
2. Is music on the recording attributed to an author, composer, or arranger? Who holds the copyright? What do attributions and credits suggest about rights to, and ownership of, the music?
