A brilliant tinkerer inventor and a lawyer marketing genius partnered to create Singer a retail colossus that over 120 years grew into a universally recognized brand synonymous with quality and value  
Following World War II four successive CEOs made a series of catastrophic decisions in their efforts to redefine the company as competing in industries other than sewing  
Of the four one was forced out and subsequently murdered one died of an unexpected heart attack just as he was about to defend the company from a takeover one succeeded in the takeover then dismembered the company before going to prison and one played investors tax authorities securities regulators and banks against each other until he suddenly just vanished  
The machinations of these four comprised a quarter century long soap opera with power struggles hostile takeovers tax evasion fraud and even flight to China just a few steps ahead of the authorities
