Thébaud, 1878 **The Goddess' Gift** C. A. Sinclair, 2014-11-26 While on a seemingly normal relaxed train journey to see her friend Megs Karen McMillan meets the handsome yet enigmatic Alex McEwan in the most bizarre circumstances Despite his arrogance and self confident approach to women he is charming and wealthy and try as she might to evade his powers of seduction Karen is powerless to refuse him Charmed by the mystery that surrounds him Karen is attracted to him and soon finds herself drawn into a world that she could have never have believed to exist Now under his seductive spell Karen is led into the realm of The Mansion a complex completely devoted to the Goddess Aphrodite With an inexplicable scarlet rose on the palm of her hand and now ultimately bound by love Karen soon discovers that the goddess is real that evil is personified and that nudity and sexual carnality go far beyond her otherwise stringent views For the beautiful shy and reserved Karen McMillan the intervention of the Goddess Aphrodite has ensured that her orderly and predictable life is about to be transformed into something far beyond her wildest dreams Arc Of The Goddess Rachel Patterson, Tracey Roberts, 2016-06-24 This year long Arc of the Goddess course will take you on a personal journey of discovery taking each month as the wheel of the year turns and introducing you to different goddesses and pantheons with your choice or theirs about who you work with and how you work with them The authors hope to help you connect with the magical energies of each month as well as giving you lots of practical exercises to work with and suggestions on how to make your spiritual connection stronger At the end of the course it is hoped you will not only have discovered your own personal pantheon of goddesses to work with but also uncovered The Goddess Within Studies in the Book of Ben Sira Géza Xeravits, József Zsengellér, 2008-06-25 The volume publishes the papers read at an international conference on the Book of Ben Sira held at the Shime on Centre P pa Hungary Renowned specialists of the field treat among others various questions of early Jewish wisdom thought the interpretation of history and canon forming **Goddesses**

Who Rule Beverly Moon, Elisabeth Benard, 2000-09-21 Goddesses feminine images of the divine often are labeled as one dimensional forces of nature or fertility In examining a number of goddesses whose primary role is sovereignty contributors to this volume go beyond the narrow vision of the past to discover the rich diversity of goddess traditions Drawn from a variety of cultural and historical settings the goddesses described here include Inanna of ancient Sumer Mazu a goddess still worshipped in southern China Oshun of Nigeria and Cihuacoatl of pre historical America The Sword and the Stylus Leo G. Perdue, 2008-06-10 The all too frequent disregard of historical and social contexts by many wisdom scholars often leads to the distortion of this literature and transforms its teachings into abstract ideas lacking any incarnation in the social and historical world of human living Leo Perdue here argues from a sociohistorical approach that the proper understanding of ancient wisdom literature requires one to move out of the realm of philosophical idealism into the flesh and blood of human history Arguing that wisdom was international in practice and outlook Perdue traces the interaction between both ruling and subject nations and their sages who produced their respective cultures and their foundational worldviews While not always easy to reconstruct he acknowledges the historical and social settings of texts provide necessary contexts for interpretation and engagement by later readers and hearers Wisdom texts did not transcend their life settings to espouse values regardless of time and circumstance Rather they are located in a variety of historical events in an evolving nation reflecting a vast array of different and changing moral systems epistemologies and religious understandings *Signs, Wonders, and Gifts* Jennifer Eyl, 2019 In much of the scholarship on Paul activities such as speaking in tongues prophecy and miracle healings are either ignored or treated as singular occurrences Typically these practices are categorized in such a way that shields Paul and his followers from the influence of so called paganism In *Signs Wonders and Gifts* Jennifer Eyl masterfully argues that Paul did in fact engage in range of divinatory and wonder working practices that were widely recognized and accepted across the ancient Mediterranean Eyl redescribes reclassifies and recontextualizes Paul s repertoire vis vis such widespread similar practices Situating these activities within the larger framework of reciprocity that dominated human divine relationships in antiquity she demonstrates that divine powers and divine communication were bestowed as benefactions toward Paul and his gentile followers in proportion to their faithfulness and loyalty **The Native Races (Vol. 1-5)** Hubert Howe Bancroft, 2023-11-14 In *The Native Races* Hubert Howe Bancroft meticulously chronicles the diverse indigenous populations of North America across five volumes His scholarly approach combines firsthand accounts extensive field research and a comprehensive review of existing literature positioning the work within the context of late 19th century anthropological studies Bancroft s narrative style is marked by its vivid detail and systematic categorization offering an in depth examination of cultural practices languages and social structures which both illuminates the richness of Native American life and critiques the colonialist perspectives prevalent in his time Bancroft a prominent historian and ethnologist was shaped by his experiences in the American West and a profound interest in the intersection of history and anthropology His extensive

travels and interactions with various Native communities profoundly influenced his writing. Committed to providing an accurate and respectful portrayal of indigenous cultures, Bancroft sought to counteract the misrepresentations often found in contemporary literature, making his work a pioneering effort in both the field of history and the emerging discipline of ethnography. This seminal work is indispensable for scholars, students, and anyone interested in a nuanced understanding of Native American societies. Bancroft's detailed observations and analyses provide a rich resource for comprehending the complexities of indigenous identities and their historical contexts, making *The Native Races* a vital addition to the library of any serious reader of American history.

Enchantment and Disenchantment Wai-yee Li, 2014-07-14 In a famous episode of the eighteenth-century masterpiece *The Dream of the Red Chamber*, the goddess Disenchantment introduces the hero Pao y to the splendors and dangers of the Illusory Realm of Great Void. The goddess, one of the divine women in Chinese literature who inspire contradictory impulses of attachment and detachment, tells Pao y that the purpose of his dream visit is disenchantment through enchantment or enlightenment through love. Examining a range of genres from different periods, Wai yee Li reveals the persistence of the dialectic embodied by the goddess while illusion originates in love and desire; it is only through love and desire that illusion can be transcended. Li begins by defining the context of these issues through the study of an entire poetic tradition, placing special emphasis on the role of language and of the feminine element. Then, focusing on the dream plays by Tang Hsien-tsu, she turns to the late Ming, an age which discovers radical subjectivity and goes on to explore a seventeenth-century collection of classical tales, *Records of the Strange* from the Liao-chai Studio by Pu Sung-ling. The latter half of the book is devoted to a thorough analysis of *The Dream of the Red Chamber*, the most profound treatment of the dialectic of enchantment and disenchantment, love and enlightenment, illusion and reality. Originally published in 1993, *The Princeton Legacy Library* uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Religions of the Ancient World Sarah Iles Johnston, 2004-11-30 This groundbreaking first basic reference work on ancient religious beliefs collects and organizes available information on ten ancient cultures and traditions, including Greece, Rome, and Mesopotamia, and offers an expansive comparative perspective on each one. *The Routledge Dictionary of Egyptian Gods and Goddesses* George Hart, 2005 A dictionary of Egyptian Gods.

Sor Juana Inés de la Cruz, Critique of a Sermon and Other Letters, 2025-02-04 Sor Juana's *Respuesta a sor Filotea* 1691 is one of her most widely read works and an established text in the history of women's writing. Less frequently studied is the epistolary exchange to which it responds, particularly Juana's *Crisis sobre un sermón* or *Carta atenagórica* 1690, her response to a sermon by the Portuguese Jesuit Antonio Vieira on Christ's greatest *fineza* or demonstration of love. In the

Crisis Sor Juana puts into practice what she would later argue in the *Respuesta* that women could and should engage in theological study and that a woman's well reasoned argument would defeat any man's ill founded and unorthodox thought. This is the first annotated critical edition and English translation of the complete published exchange between Sor Juana and Manuel Fernández de Santa Cruz with a comprehensive introduction, commented textual variants and extensive textual notes. The introduction explores how the *Crisis* can be read in relation to Juana's other works including her love poetry, her eucharistic drama *El misterio del Sacramento* and *Primero sueño*. By analysing its central themes, this study argues that the *Crisis* is key to Juana's defence of women's learning while also shedding light on her views on gender, theological enquiry and the dynamics of love, both religious and secular.

Transforming Spirit Bodies Sinah Theres Kloß, Lena Muders, Taynã Tagliati, 2025-03-17 *Transforming Spirit Bodies* is an edited volume that focuses on the bodies and embodiments of spirits, their immaterialities and their bodily transformations. The anthropological, sociological and archaeological contributions draw attention to the embodied experiences of asymmetrical dependencies among humans and spirits and how experiences of interdependence are negotiated in their interactions. Suggesting that more than human entities significantly contribute to agency in social interactions and power negotiations, the volume further highlights the ambivalent yet undeniable relationship between spirits and materiality. During the processes of materialization and dematerialization, in which spirit bodies transform and are transformed, more than human entities may share substances and agency with humans. Not only having material but also social dimensions, these dynamics are influenced by relations of power and dependency. Following posthumanist approaches, this volume therefore challenges the anthropocentric views that continue to dominate scholarly analysis of power, relations, dependency and coercion.

The Great Angel, 1992-01-01 In this groundbreaking book, Barker claims that pre-Christian Judaism was not monotheistic and that the roots of Christian Trinitarian theology lie in a pre-Christian Palestinian belief about angels derived from the ancient religion of Israel. Barker's beliefs are based on canonical and deuterocanonical works and literature from Qumran and rabbinic sources.

Gifts for the Gods Marsha Hill, Deborah Schorsch, Metropolitan Museum of Art (New York, N.Y.), 2007 Throughout their long history, the ancient Egyptians crafted exquisite statues of bronze, copper, silver and gold as offerings to their gods and for use in temples and shrines. This title focuses on the art and significance of Egyptian metal statuary, presenting insights and up-to-date information on this precious work.

The City of God Saint Augustine (Bishop of Hippo), 1871

Tibetan Yoga and Its Secret Doctrines W.Y. Evans-Wentz, 2012-11-12 This volume provides a faithful account of the yogic practices which Milarepa, the best known of the Tibetan yogins, successfully put to the test of practice. It explores some of the Kargyilpa School's chief doctrines from Indian Buddhist sources.
