Robert Ervin Howard was born in Peaster Texas in 1906 During his youth his family moved between a variety of Texan boomtowns and Howard a bookish and somewhat introverted child was steeped in the violent myths and legends of the Old South At fifteen Howard began to read the pulp magazines of the day and to write more seriously The December 1922 issue of his high school newspaper featured two of his stories Golden Hope Christmas and West is West In 1924 he sold his first piece a short caveman tale titled Spear and Fang for 16 to the not yet famous Weird Tales magazine Howard's most famous character Conan the Cimmerian was a barbarian turned King during the Hyborian Age a mythical period of some 12 000 years ago Conan featured in seventeen Weird Tales stories between 1933 and 1936 which is why Howard is now regarded as having spawned the sword and sorcery genre The Conan stories have since been adapted many times most famously in the series of films starring Arnold Schwarzenegger

STEVE BRILL did not believe in ghosts or demons Juan Lopez did But neither the caution of the one nor the sturdy skepticism of the other was shield against the horror that fell upon them the horror forgotten by men for more than three hundred years a screaming fear monstrously resurrected from the black lost ages Yet as Steve Brill sat on his sagging stoop that last evening his thoughts were as far from uncanny menaces as the thoughts of man can be His ruminations were bitter but materialistic He surveyed his farmland and he swore Brill was tall rangy and tough as boot leather true son of the iron bodied pioneers who wrenched West Texas from the wilderness He was browned by the sun and strong as a longhorned steer His lean legs and the boots on them showed his cowboy instincts and now he cursed himself that he had ever climbed off the hurricane deck of his crankeyed mustang and turned to farming He was no farmer the young puncher admitted profanely Yet his failure had not all been his fault Plentiful rain in the winter so rare in West Texas had given promise of good crops But as usual things had happened A late blizzard had destroyed all the budding fruit The grain which had looked so promising was ripped to shreds and battered into the ground by terrific hailstorms just as it was turning yellow A period of intense dryness followed by another hailstorm finished the corn Then the cotton which had somehow struggled through fell before a swarm of grasshoppers which stripped Brill's field almost overnight So Brill sat and swore that he would not renew his lease he gave fervent thanks that he did not own the land on which he had wasted his sweat and that there were still broad rolling ranges to the West where a strong young man could make his living riding and roping Now as Brill sat glumly he was aware of the approaching form of his nearest neighbor Juan Lopez a taciturn old

Mexican who lived in a but just out of sight over the hill across the creek and grubbed for a living At present he was clearing a strip of land on an adjoining farm and in returning to his but he crossed a corner of Brill s pasture *The Horror from the Mound: Large Print* Robert Ervin Howard,2019-03-18 There is a secret held inside an Indian burial mound only a few know the secret and they have been sworn to secrecy until someone became greed deciding that there must be treasure hidden in the mound *The Horror from the Mound Illustrated* Robert E. The Mound Builder Myth Jason Colavito, 2020-02-20 Say you found that a few dozen people operating at the highest levels of society conspired to create a false ancient history of the American continent to promote a religious white supremacist agenda in the service of supposedly patriotic ideals Would you call it fake news In nineteenth century America this was in fact a powerful truth that shaped Manifest Destiny The Mound Builder Myth is the first book to chronicle the attempt to recast the Native American burial mounds as the work of a lost white race of true native Americans Thomas Jefferson's pioneering archaeology concluded that the earthen mounds were the work of Native Americans In the 1894 report of the Bureau of American Ethnology Cyrus Thomas concurred drawing on two decades of research But in the century in between the lie took hold with Presidents Andrew Jackson William Henry Harrison and Abraham Lincoln adding their approval and the Mormon Church among those benefiting Jason Colavito traces this monumental deception from the farthest reaches of the frontier to the halls of Congress mapping a century long conspiracy to fabricate and promote a false ancient history and enumerating its devastating consequences for contemporary Native people Built upon primary sources and first person accounts the story that The Mound Builder Myth tells is a forgotten chapter of American history but one that reads like the Da Vinci Code as it plays out at the upper reaches of government religion and science And as far fetched as it now might seem that a lost white race once ruled prehistoric America the damage done by this ancient myth has clear echoes in today's arguments over white nationalism multiculturalism alternative facts and the role of science and the control of knowledge in public life
