R. H. Davenport, 1997-01-01 At a strategic time in South Africa's history the Christian history which is absolutely basic to all developments is presented in a comprehensive and objective way Too little attention is given to the influence of religion in socio political accounts This is a creative and much needed contribution to scholarship and general knowledge An outstanding work Dean S Gilliland Fuller Theological Seminary The World of South African Music Christine Lucia, 2009-03-26 The present Reader is a selection of texts on South African music which are chosen not only for their importance or the frequency of citations but with the express purpose of providing the reader with a deep understanding of the music itself Consequently there are readings that are chosen because they have been influential but there are also many which though published have not enjoyed very wide circulation There are those which are of obvious historic interest and others which speak to contemporary issues Among other things the volume provides an excellent sense of the varying ideologies and approaches that determine the relationship between author and subject The reader is indispensable to scholars and enthusiasts of South African music and it is of great interest to ethnomusicologists more generally It is also an excellent resource for those who do not have immediate access to harder to find articles and is perhaps most vital to those who are looking to find a way into the world of South African music Festival of Scottish Song, consisting of duets, trios, glees, and burden songs, sung by members of the Tonic Sol-Fa Association of Edinburgh at the Crystal Palace ...
