(author), 1901 When Cora Carter signed up to command the U S S Christina and its five female crew she never expected to be chased by pirates through an uncharted wormhole or forced to crash land on a hostile planet where just about everything wants to kill her or eat her And the big hunky brute in the loincloth who keeps insisting that she s his fated mate Well he definitely wants to eat her Horok crowned prince of Tarilax is taking a short break from the heavy demands of the throne when he spies a ship go down in his beloved forest It could only be another trick by his sworn enemy the Goridians But when he goes to investigate it s not an ugly bloodthirsty savage that he finds Instead those wonderful benevolent gods have delivered him a divine little goddess of his very own his amavi compar Now if can just convince her to stay **The Christian Goddess** Bonnie Gaarden, 2011-04-29 The Christian Goddess Archetype and

Theology in the Fantasies of George MacDonald examines this British Victorian writer s employment of female figures to represent Deity Such symbolism is extremely unusual for a Christian author of this period and anticipates the efforts of many modern theologians to develop an image of God as Mother Bonnie Gaarden reads the goddess figures in MacDonald s fantasies as both archetypes of the collective unconscious and as emblems articulating MacDonald s unique Christian theology which is Trinitarian Neo Platonic mystical and universalist The goddesses become the central figures around which the author develops her interpretations of MacDonald s adult fantasy novels his children s books and some of his fairy tales These readings discover MacDonald s ideas about God and the nature of good and evil models of spiritual and psychological development that foreshadow the theories of Carl Jung and Eric Neumann and acerbic commentary on the values and customs of Victorian society and religion According to The Christian Goddess MacDonald s Romantic belief in God s self revelation in Nature led him to create Nature mothers such as the Green Lady in The Golden Key and Lilith s Eve which evoke both the Great Mother archetype described by Eric Neumann and the modern neopagan Great Mother as developed in

the works of James Frazer Robert Graves and Marija Gimutas MacDonald dramatized his view of evil and its cure in the title character of Lilith a Terrible Mother archetype historically embodied in the Hindu goddess Kali MacDonald s notion of the world as Keat s vale of Soulmaking also elaborated by religious philosopher John Hick is conveyed by Magic Cauldron archetypes in The Wise Woman The Gray Wolf and Lilith Muse figures in Phantastes and At the Back of the North Wind express MacDonald s conviction that a right imagination is the voice of God while Divine Children in The Wise Woman and The Golden Key communicate his belief that true childhood is the Divine nature The great grandmother in the Princess books a personification of the multi dimensional activity of Divine Wisdom springs from the Judeo Christian Sophia and the classical Athena while Kore figures in The Princess and the Goblin Lilith and Phantastes re present the transforming descents of Persephone and Christ This book shows MacDonald s fantasies as a chronological bridge anchored in the traditions of the Hebrew Bible and the New Testament incorporating the teachings of Christian mysticism and theistic Romanticism and linking to the contemporary concerns in Western society that have given birth to the New Age The Christian goddess portrayed in these fantasies may strike the reader as a Deity whose time has come **Goddess Reign** Andrea Bath,2011-11

Godzilla representing our conflicts per Carl Sagan's dream dragons analogy made comebacks in American cinema. The blockbuster Kaiju resurged onto the screen depicting these protectors of an Earth plagued by mankind's hubris and folly. With Earth's future hanging in the balance, their climactic 2021 staging settled a score between the two giant monsters, resolving Toho's classic 1963 film King Kong vs. Godzilla. As formidable creatures emerging from Time's Tomb on Mother Earth, metaphorical Kong and Godzilla are considered here in light of new millennial environmentalism's stark reality. This book, nostalgic in tone, explores the meaning of Kong and Godzilla as planetary saviors, titanic protectors of a theoretical living Earth, Gaia, defending the globe from a prehistoric plague of adversaries.

Interrogating the Visual Culture of Trumpism Grant Hamming, Natalie E. Phillips, 2024-08-26 Bringing together scholars from art history visual studies and related disciplines this edited volume asks why Trumpism looks the way it does and what that look means for American and global society Grouped into six categories the essays in this volume tackle some of the most perplexing and urgent aspects of the Trumpist visual project Two of the most striking aspects of that project are its use of novel commodity forms including the iconic red baseball caps as well as its embrace of social media Trump's outlandish persona and striking physicality have lent themselves to caricature both from his critics and perhaps more surprisingly his supporters That physicality as well as his movement's hearkening back to a mostly imagined era of mid twentieth century prosperity has also brought gender and the body into

sharp focus Perhaps second only to the aforementioned red hat is Trumpism's vigorous use of interventions into public space including traditional campaign signs as well as flags and other ad hoc visual and architectural materials Finally there were the events of January 6 2021 when many of Trumpism's most outré visual and cultural preoccupations exploded from the shadows onto television screens across the country Taken as a whole the essays in this book examine Trumpist visuality from the seemingly trivial to the starkly horrifying as well as offering a measured sense of the various resistances and responses that have characterized artistic responses to Trump from the beginning of his prominence The book will be of interest to scholars working in art history visual culture American studies and cultural and media studies **Deflection of Pig-Ponies**
