The Haunting English Edition:

La Peste. Poema ... The English version by Miss Pardoe. Ital. and Eng Guido Sorelli, 1834 *Haunted English* Laura O'Connor, 2006-11-27 A study of how English's colonial history inflects the literary vernaculars of Anglo Celtic modernists W B Yeats Hugh MacDiarmid and Marianne Moore *Haunted English* explores the role of language in colonization and decolonization by examining how Anglo Celtic modernists W B Yeats Hugh MacDiarmid and Marianne Moore de Anglicize their literary vernaculars Laura O Connor demonstrates how the poets struggles with and through the colonial tongue are discernible in their signature styles using aspects of those styles to theorize the dynamics of linguistic imperialism as both a distinct process and an integral part of cultural imperialism O Connor argues that the advance of the English Pale and the accompanying translation of the receding Gaelic culture into a romanticized Celtic Fringe represents multilingual British culture as if it were exclusively English speaking and yet registers on a subliminal level some of the cultural losses entailed by English only Anglicization Taking the fin de siècle movements of the Gaelic revival and the Irish Literary Renaissance as her point of departure O Connor examines the effort to undo cultural cringe through language and literary activism This is a promising contribution to an expanding discipline Paul Shanks Comparative Literature Studies Laura O Connor has written a distinguished and groundbreaking study Murray Pittock Clio Smart engaging and intellectually provocative Rob Doggett Victorian Studies An often brilliant account of how three modernist poetries contributed to the global decline of Anglocentrism Essential for anyone looking for fresh interpretations of Yeats MacDiarmid or Moore it will also interest readers concerned with the promises and challenges of writing transnational literary criticism Matthew Hart Modernism Modernity Insightful scintillating attentive to every nuance O Connor's study will reward greatly anyone interested in the critical revivalism that is both her subject and her inheritance Gregory Castle Irish Literary Supplement Valuable and original work that participates in some of the most exciting and forward looking trends in current Irish and literary studies Marjorie Howes Boston College author of Yeats's Nations Gender Class and Irishness **Madame Lalaurie, Mistress of the Haunted House** Carolyn Morrow Long, 2012-03-04 Inside the Most Haunted House in New Orleans The legend of Madame Delphine Lalaurie a wealthy society matron has haunted the city of New Orleans for nearly two hundred years When fire destroyed part of her home in 1834 the public was outraged to learn that behind closed doors Lalaurie routinely bound starved and tortured her slaves Forced to flee the city her guilt was unquestioned and tales of her actions have become increasingly fanciful and grotesque over the decades Even today the Lalaurie house is described as the city's most haunted during ghost tours Carolyn Long a meticulous researcher of New Orleans history disentangles the threads of fact and legend that have intertwined over the decades Was Madame Lalaurie a sadistic abuser Mentally ill Or merely the victim of an unfair and sensationalist press Using carefully documented eyewitness testimony archival documents and family letters Long recounts Lalaurie's life from legal troubles before the fire and scandal through her exile to France and death in Paris in 1849

Themes of mental illness wealth power and questions of morality in a society that condoned the purchase and ownership of other human beings pervade the book lending it an appeal to anyone interested in antebellum history Long s ability to tease the truth from the knots of sensationalism is uncanny as she draws the facts from the legend of Madame Lalaurie s haunted house

British and Foreign Literature ,1894 **Italian Horror Film Directors** Louis Paul,2015-06-08 There is no cinema with such effect as that of the hallucinatory Italian horror film From Riccardo Freda's *I Vampiri* in 1956 to *Il Cartaio* in 2004 this work recounts the origins of the genre celebrates at length ten of its auteurs and discusses the noteworthy films of many others associated with the genre The directors discussed in detail are Dario Argento Lamberto Bava Mario Bava Ruggero Deodato Lucio Fulci Umberto Lenzi Antonio Margheriti Aristide Massaccesi Bruno Mattei and Michele Soavi Each chapter includes a biography a detailed career account discussion of influences both literary and cinematic commentary on the films with plots and production details and an exhaustive filmography A second section contains short discussions and selected filmographies of other important horror directors The work concludes with a chapter on the future of Italian horror and an appendix of important horror films by directors other than the 50 profiled Stills posters and behind the scenes shots illustrate the book Tropical Gothic in Literature and Culture Justin D. Edwards,Sandra G.T. Vasconcelos,2016-01-13

Tropical Gothic examines Gothic within a specific geographical area of the South of the Americas In so doing we structure the book around geographical coordinates from North to South and move between various national traditions of the gothic Mexico Argentina Brazil etc alongside regional manifestations of the Gothic the US south and the Caribbean as well as transnational movements of the Gothic within the Americas The reflections on national traditions of the Gothic in this volume add to the critical body of literature on specific languages or particular nations such as Scottish Gothic American Gothic Canadian Gothic German Gothic Kiwi Gothic etc This is significant because while the Southern Gothic in the US has been thoroughly explored there is a gap in the critical literature about the Gothic in the larger context of region of the South in the Americas This volume does not pretend to be a comprehensive examination of tropical Gothic in the Americas rather it pinpoints a variety of locations where this form of the Gothic emerges In so doing the transnational interventions of the Gothic in this book read the flows of Gothic forms across borders and geographical regions to tease out the complexities of Gothic cultural production within cultural and linguistic translations Tropical Gothic includes but is by no means limited to a reflection on a region where European colonial powers fought intensively against indigenous populations and against each other for control of land and resources In other cases the vast populations of African slaves were transported endowing these regions with a cultural inheritance that all the nations involved are still trying to comprehend The volume reflects on how these histories influence the Gothic in this region **Publishers' Circular and Booksellers' Record of British and Foreign Literature**
