Taylor,2022-10-26 This edited collection responds to Richard Kearney s recent work on touch excarnation and embodiment as well as his broader work in carnal hermeneutics which sets the stage for his return to and retrieval of the senses of the lived body Here fourteen scholars engage the breadth and depth of Kearney s work to illuminate our experience of the body The chapters collected within take up a wide variety of subjects from nature and non human animals to our experience of the sacred and the demonic and from art s account of touching to the political implications of various types of embodiment Featuring also an inspired new reflection from Kearney himself in which he lays out his vision for anacarnation this volume is an important statement about

the centrality of touch and embodiment in our experience and a reminder that despite the excarnating tendencies of contemporary life the lived body remains a touchstone for wisdom in our increasingly complicated and fragile world Written for scholars and students interested in touch embodiment phenomenology and hermeneutics this diverse and challenging collection contributes to a growing field of scholarship that recognizes and attempts to correct the excarnating trends in philosophy and in culture at large

**Hearers and Doers** Kevin J. Vanhoozer,2019-05-15 The foundation of discipleship is sound scriptural doctrine The value of sound doctrine is often misunderstood by the modern church While it can be dry and dull when it flows from the story of Scripture it can be full of life and love This kind of doctrine steeped in Scripture is critical for disciple making And it s often overlooked by modern pastors In Hearers and Doers Kevin Vanhoozer makes the case that pastors as pastor theologians ought to interpret Scripture theologically to articulate doctrine and help cultivate disciples scriptural doctrine is vital to the life of the church and local pastor theologians should be the ones delivering it to their communities With arresting prose and striking metaphors Vanhoozer addresses the most pressing problems in the modern church with one answer teach sound scriptural doctrine to make disciples

**Stuck** Steve Shores,2022-03-30 It s a common thought that it s wise to meet people where they are But what if we don t know where we are This book entertains the idea that although humans can dock two fantastically complex machines in space and manage all manner of equally complex coordinates in the process we may not know our own coordinates The machines in space may be secured while we are adrift How is it that we are so skilled at feats of engineering yet so alienated from ourselves that we aren t where we think we are This book aims to shed light on how we arrive at such self estrangement and how to begin clarifying where we actually are The clarity I hope will make it easier for us to connect with one another so that our relationships are less troubled and are more likely to be transformed into sanctuary
