

## EXPOSITION

Due to the cruel King Minos' anger, the inventive Daedalus and his young son Icarus have been imprisoned in a tower off the coast of Greece.

## CONFLICT

Although Daedalus can easily escape the tower, he and his son are still stranded on an island miles from their home. Daedalus must devise a way to cross the ocean.

## RIISING ACTION

Using wax and feathers, Daedalus fashions wings for himself and his son. Daedalus warns his son not to fly too high or too low, then the pair takes flight.

## CLIMAX

In the joy and excitement of flying, Icarus forgets his father's advice and soars too close to the sun, causing his wings to melt.

## FALLING ACTION

Icarus' wings fall apart, and he plunges to his death and drowns in the sea below.

## RESOLUTION

Daedalus names the nearest island Icarus in memory of his son. He then hangs up his wings in the temple of Apollo and never flies to the again.
