century Butler won renown as a Marine battlefield hero campaigning in most of America's foreign military expeditions from 1898 to the late 1920s. He became the leading national advocate for paramilitary police reform. Upon his retirement, however, he renounced war and imperialism and devoted his energy and prestige to various dissident and leftist political causes. This biography of Smedley Butler is a sympathetic portrait of a Victorian officer-warrior who lost his way as he advanced in rank and his America and his Marine Corps changed after World War I. *The Journal of American History*. Scientific and Technical Aerospace Reports, 1992 **Dick Cole's War** Dennis R. Okerstrom, 2015-12-31 With the 100th anniversary of his birth on September 7, 2015, Dick Cole has long stood in the powerful spotlight of fame that has followed him since his B-25 was launched from a Navy carrier and flown toward Japan just four months after the attack on Pearl Harbor. In recognition of the tremendous boost Doolittle's Raid gave American morale, members of The Tokyo Doolittle Raiders were awarded the Congressional Gold Medal in May 2014. Doolittle's Raid was only the opening act of Cole's flying career during the war. When that mission was complete and all of the 16 aircraft had crash-landed in China, many of the survivors were assigned to combat units in Europe. Cole remained in India after their rescue and was assigned to Ferrying Command, flying the Hump of the Himalayas for a year in the world's worst weather with inadequate aircraft, few aids to navigation, and inaccurate maps. More than 600 aircraft with their crews were lost during this monumental effort to keep China in the war, but Cole survived and returned home in 1943. He was home just a few months when he was recruited for the First Air Commandos and he returned to India to participate in Project 9, the aerial invasion of Burma. All Hands, 1949
