Recurring Income Secrets Max

Editorial, 2023-02-23
LIGHTNING PROMOTION
Recurring Income is another term for residual income. In a nutshell, there are three types of income streams that you may have coming into your business:
1. If you do a one-time job, sale, or perform a contract, you get paid once and the income stops there.
2. If you do a normal 9 to 5 job, you will continue to get paid as long as you continue to work for your employer, often called a linear income. This is the type of income that the majority of workers enjoy. Even if you are a neurosurgeon, lawyer, or engineer, you are only paid as long as you continue working. You stop working, and the bank account dwindles.
3. The third type of income is the recurring income where you are paid even after you have stopped working. For example, you wrote a book, and as long as your book continues to sell, you will continue to receive royalty income for a work done once.
