It's Never Too Late and You're Never Too Old Vic Johnson,2013-10 It s never too late to be who you might have been George Eliot 19th Century English novelist One of the biggest hurdles people over 50 have to overcome is the mindset about their age There s an old clich of age ain t nothin but a number But as we all know getting older does have certain obstacles such as dwindling health limited income and the end of long time careers followed by now what in the heck do I do Yes age is the number of candles on a birthday cake and a stark reality of things to come But getting older isn t a deal breaker a reason you can t start a business or any other new venture a limit on success a valid excuse for inaction a valid excuse to give up on your dreams Here are 50 people who overcame the very same things you are facing right now Let them show you the way to outrageous success and happiness regardless of your age or circumstances [Poem For Jesus](#) Sheralyn Turner,2025-02-17

For me poetry has always been a sanctuary a place where I could pour the unspoken pieces of my heart It s not just about words it s about releasing emotions I didn t even realize were buried inside My poems reflect a journey of healing growth and rediscovery of my own strength They are born from moments of darkness where I struggled to find light and from seasons of numbness where I longed to feel again There was a time when my heart felt locked away burdened by past hurts failures and rejection Life seemed heavy and I wondered if I would ever truly find joy again But even in those moments I found solace in writing My pen became a vessel for the prayers I couldn t always speak and the tears I didn t always cry Each poem became a conversation with God and with myself peeling back layers of pain and opening me up to hope Through poetry I ve learned to see beauty in the brokenness I write not just to inspire myself but to remind others that no matter how deep the shadows there is always light waiting to break through My words come from a place of faith and resilience a quiet determination to rise again no matter how many times I ve fallen Every poem I write reflects a heart that refuses to give up a heart that finds joy in God s grace and strength in His promises It s my way of saying This is where I ve been but it s not where I ll stay Writing reminds me that our stories even the hard parts have power and they re worth sharing

The Jurist ,1863 **Never Too Late Never Too Soon** Robbie Peppers,2025-04-30 This book is for every reader who has the courage to find a piece of themselves within these chapters And for those who rise from the ashes time and time again In this compelling narrative a woman grapples with low self esteem feeling unattractive in her dark skin and prominent features Her journey is marked by a series of poor choices and mistakes She was raised a simple country girl but as she transitioned to living in the big city she faced unspeakable challenges and spiritual battles against her Christian upbringing She endures the hardship of mental and physical abuse yet her trust in God is strengthened and her faith remains unwavering She was raised to know God and the love support and guidance of her parents kept her grounded in the Lord A troubled marriage including struggles with infidelity and raising children as a single parent add layers of resilience and strength to her story as she overcomes adversity and finds hope in the darkest of times Through trials and tribulations she learns that with God it s never too late to turn your life around and never too soon to make the right decisions John Holt

Roland Meighan,2014-10-23 John Holt the American educator was passionate about the need for alternatives to traditional institutional schooling seeing schools as often hindering children from learning rather than helping them he became an important proponent of homeschooling or unschooling was a pioneer in youth rights theory and had a profound influence on school reform in particular and educational philosophy in general Here Roland Meighan challenges the often held notion that Holt s work was romantic and impractical within the context of compulsory schooling He brings together the work and thinking of John Holt into applicable theory for education students enabling readers to appreciate the view that individuals outside the education system can influence and change what is happening within it
