New English File Intermediate Key 2013

Ewa Domagała-Zyśk, Edit H. Kontra

New English File Intermediate Key 2013:

Teaching Grammar to a Grammar-Free Generation Tamilla Mammadova, 2019-01-08 This is a unique book that covers innovative grammar teaching approaches and techniques for a modern generation of EFL ESL students. It juxtaposes traditional grammar teaching methods with newer ones and reveals the advantages and disadvantages of each. Moreover, it provides free and controlled grammar activities which offer instructors an ample variety of tasks that facilitate EFL ESL teachers' work to practice certain grammatical patterns.

English as a Foreign Language for Deaf and Hard-of-Hearing Persons Ewa Domagała-Zyśk, Edit H. Kontra, 2016-09-23 Deaf and hard of hearing students form a specific group of foreign language learners. They need to use foreign languages just like their hearing peers if they want to enjoy the same benefits of globalization and technical advancements of today yet they cannot take part in the same foreign language education. As sign language users, lip readers or persons relying on hearing aids or cochlear implants in their everyday communication, they need special support in learning a foreign language. This book has been written by teachers and researchers involved in teaching English as a foreign language (EFL) to deaf and hard of hearing students in various different European countries including the Czech Republic, France, Hungary, Norway, Poland, and Serbia. The chapters mirror both the authors' personal journeys through this field and give insight into various aspects of empirical research into the foreign language acquisition of hearing impaired learners. They discuss mainly the issue of specific methodology for teaching EFL vocabulary, grammar, reading, writing, and speaking to deaf and hard of hearing persons and the challenge of effective communication during the classes via sign language, cued speech, or the oral approach. Special chapters are also devoted to EFL teachers' experience in special schools for the deaf. Educators interested in practical advice, responses to challenges, and worked-out solutions to problems will particularly welcome this book as a useful source of ideas. It will also help novice teachers embarking on their careers in English language education for deaf and hard of hearing children and adults.

SLA Research and Materials Development for Language Learning Brian Tomlinson, 2016-05-20 SLA Research and Materials Development for Language Learning is the only book available to focus on the interaction between second language acquisition theory and materials development for language learning. It consists of contributions written by experts in SLA, experts in materials development, researchers who have expertise in both fields, and introductions and conclusions by the editor. The book is organized into four major sections: position statements, materials driven by SLA theory, evaluations of materials in relation to SLA theory, and proposals for action that offer a diverse range of perspectives while maintaining a cohesive and comprehensive overview on the subject. This book is ideal for postgraduate courses in applied linguistics and second language acquisition and for researchers interested in the relationship between SLA and materials development.

English File 4E Intermediate Work Book without answers Christina Latham-Koenig, Clive Oxenden, Kate Chomacki, Jerry Lambert, 2020-07-28 English File's unique, lively, and enjoyable lessons are renowned for getting students talking. In fact, 90%
