Classics in the Early Americas , 2021-08-30 Brill's Companion to Classics in the Early Americas illuminates the remarkable
range of Greco Roman classical receptions across the western hemisphere from the late fifteenth to the early nineteenth
century Bringing together fifteen essays by scholars working at the intersection of Classics and all aspects of Americanist
studies this unique collection examines how Hispanophone Lusophone Anglophone Francophone and or Indigenous
individuals engaged with Greco Roman literary cultures and materials By coming at the matter from a multilingual
transhemispheric perspective it disrupts prevailing accounts of classical reception in the Americas which have typically
privileged North over South Anglophone over non Anglophone and the cultural production of hegemonic groups over that of
more marginalized others Instead it offers a fresh account of how Greco Roman literatures and ideas were in play from
Canada to the Southern Cone to the Caribbean treating classical reception in the early Americas as a dynamic polyvocal
phenomenon which is truly transhemispheric in reach Catalogue of the Printed Books in the Library of the University of
