T D Jakes Leadership Manual:

The H.E.L.P. Leader - Lead Yourself Aline Simen-Kapeu, 2021-08-15 Decode the secret to changing your leadership landscape This is the moment you've been desperately waiting for The opportunity to unlock the invisible chains hampering your progress immediately apply strategies to get far better results in your areas of responsibility and grow exponentially to become effective I believe that the only way to make a difference is to focus first on being instead of doing which drives sustainable inner transformation Once engaged you'll be fully empowered to catalyze change and increase your influence This book packed with key strategies and real world stories will teach you how to adopt the four dimensional leadership framework that will help you become the best version of yourself as a whole human being and achieve tangible results

Religion and Organization Theory Paul Tracey, Nelson Phillips, Michael Lounsbury, 2014-04-02 Despite the profound influence that religious organizations exert religion occupies a curiously marginal place in organization theory This volume aims to make available in one place existing knowledge on religion and organizations encouraging more organization theorists to include religion as part of their research activities and agenda *The Creative Leader* Ed Young, 2006 Young who leads one of the ten largest churches in the United States and his ministry team teach the importance of creativity among visionaries and those who benefit from it detailing how creative pastors ministries and churches are made *The Black American Church* Dr. Khandicia N. Randolph, 2023-04-28 The purpose of this book seeks to examine the leadership of the Black church through a critical and theoretical lens utilizing historical and anthropological foci to better identify and understand some of the challenges within the paramount institution and its attrition to the Black American community at large and provide appropriate suggestions and generating frameworks for addressing the challenges The church has always played a pivotal role in Black American culture's identity development and progression Leadership and organizational challenges within the church pervasively matriculate to other Black spaces historically Black organizations and a broader societal context Due to the church's historical and ethnographic context for Blacks in America many of the challenges faced in the church go unrecognized unspoken thus unattended This manuscript endeavors to identify the challenges and flaws through research and data to provide solutions through practical and theoretical implementations to some shortcomings for the betterment of the church and culture The interconnectedness of culture and religion for Blacks in America established a gargantuan impact factor on the church and its leaders This manuscript examines the pervading effects of the influence through leadership dispensation It also explores the understanding of leadership through the lens of Black Christianity deriving that the foundation of leadership in the Black community was primarily circumscribed by the influence of the church as conglomerate collectivism of almost five hundred years of the history and culture of Africans African descendants and members of the African diaspora in what is now America who contributed to the ideal of the Black church The critical analysis provided is not one of condemnation but likened to a vital performance review through member experiences barred

The Believer's Manual for Excellence

Patrick Payne Okoronkwo, 2019-08-02 Knowing and working with God is not a sprint It is a marathon with very many dangerous twists and turns craggy and crooked at that It is getting progressively unpopular to be identified as a Christian in our present day world with its attendant challenges and extraordinary indulgences Real and valid questions are constantly agitating the minds of many right from the crises of development to the decadence of aging and dying This book is essentially a critical look at man as per who he is and his never ending search for connection with his maker It sees God as triune and also treats the trinity of man that is spirit soul and body and the steps and strategies he needs to deploy to ensure he gets on top of his game in terms of his relationships with God with brothers at the workplace in married life social events and many more The Believer's Manual is an attempt to critically look at the believer in terms of his coming to the understanding that he needs his maker in every area of his life It starts with getting to know his god his plans and purpose for him divine leading and direction etc It does a synopsis of temperaments and how God can use man no matter his temperament The indwelling Holy Spirit makes the difference

Integrity3 the Importance of Integrity in Christian Leadership

Rev. Dr. Jasmin O. Brown Dmin DSL, 2017-01-31 Integrity has been an essential component of leadership throughout the ages The Church is facing an integrity crisis consistently struggling with a plethora of ethical woes among several gifted leaders Not only is the Church's conduct in question its very character and competence are being placed under intense scrutiny This book explores three dimensions of integrity It proposes that the overall process of leadership development pivots on three dimensions of integrity personal integrity the character of the leader vocational integrity the competence of the leader and organizational integrity the commitment and contribution of the leader This book also proposes that while being gifted is an asset to leadership giftedness is never enough for successful leadership It is the combination of giftedness integrity3 that will facilitate effective leadership
