Alpha's Captive Ada Stuart,2022-09-30 How can a camping trip turn into your biggest nightmare Sophie is caught trespassing But instead of calling the police the Alpha gives her to one of his strongest enforcers Instructions Claim her or some other alpha will Leaving Sophie to wonder who s the biggest threat The reluctant guardian or the wolf threatening to spank her Alpha s Captive is a steamy hot Taboo Dubcon Wolf Shifter Erotic Romance Note This book is a standalone although it s part of the Whiteridge Pack series and connected to Mated Explicit content not for the faint hearted Please make sure to check the trigger warnings before reading Trigger warnings Dubcon forced mating explicit language and sex scenes This story is not for the faint hearted and some readers might find it offensive Themes Non consent Reluctance Enemies to lovers Happily ever after Opposites attract Alpha males Unrequited love Matchmaker Protector Wolf shifter Pack life Alpha Short story Excerpt One of the men was still there watching her as if he expected her to bolt any second Was he just a man Or was he a wolf like the rest of them A wolf in the shape of a human If he was she knew it would be pointless to run He would catch her before she took more than a step She studied his face and body She would have considered him handsome if she d met him anywhere else Irresistible His tall and muscular frame matched his chiselled face Only the clear blue colour of his eyes didn t quite match the bad ass persona and the black leather pants he seemed to prefer She saw he could blend in if he donned a suit and cut his hair a bit shorter Still the sight of his biceps against the thin t shirt

made her aware of how pointless it would be to run His muscular legs attested that his bulk would not slow him down enough to let her escape She would have to bide her time and wait for a better opportunity Are you a werewolf Sophie finally asked him wanting to hear his voice and hoping it would calm her I prefer the term wolf shifter His voice was deeper than she expected Commanding It suited him but didn't calm her as she had hoped for He pointed to somewhere on her left Let's go Where to Sophie hesitated Did he plan to kill her right away He chuckled You've seen too many movies human Sophie stared at him Had he just read her mind She gasped as she met his knowing eyes He nodded as if to answer the question How is that possible Sophie asked aloud to forcibly steer her thoughts away from things he didn't need to know My kind have abilities far beyond your comprehension human My name is Sophie What will you do with us That's for my Alpha to decide Right now you're coming with me He grabbed her shoulder and steered her in the direction he wanted There was no point in fighting him It was a struggle to keep pace but that didn't mean she would ignore everything else Taking a deep breath she put her anxiety into words I've heard many stories about wolf shifters but none of them has ended well He chuckled again The sound felt like a warm summer breeze across her skin flushing her instantly How could the sound of his voice feel like a caress It should have chilled her to the bone since she suspected they would use her and kill her afterwards Her thoughts seemed to dampen his humour He sighed You've got it all wrong I don't intend to kill you Then what will you do He gave her a wink I would kill you with pleasure if I was allowed to Not likely she snorted Then you can consider me to be your jailer for the time being Great Sounds like fun It won't be I can guarantee it he said sternly Sophie just shook her head What on earth had they got herself into

Captured Bride Marilyn Fae, 2020-09-21 Everyone tells Marin that dating a Werewolf twice her age is a bad idea and that's before they knew he was paying for her college education and all of her living expenses She's also living in his house and letting him choose her clothes plan her classes and feed her basically absolute control of every aspect of her life Dominic is obsessed with her and wants the world to know she's his From the outside he looks like a wildly possessive and jealous boyfriend with control issues and a problem with the law specifically the one regarding public indecency seeing as he has no qualms claiming her outdoors What everyone doesn't know is just how much she loves it PG Excerpt Her heart is pounding drowning out all other noise which isn't in her best interest considering how easily it would be for them to overtake her and surround her She doesn't make it far before the first Wolf pounces on her slamming her into the ground and knocking her breath from her lungs She struggles hands pawing the ground for anything she can use as a weapon and is rewarded with a huge rock that she hits the Wolf with He howls in pain and snarls momentarily distracted by the pain in his head and is quickly tackled by another Wolf She struggles to her feet and keeps running ignoring the throbbing pain on her ankles and palm where she's scratched herself from her earlier fall and scramble to get away The sound of growls and snarls behind her prompts her into running faster and faster her legs burning and muscles aching as she tries to proper herself faster Adrenaline can only get her so far when it comes to running away from Werewolves though and

it doesn't take long for a hand to fist the back of her shirt clutching her and then pushing her down. She falls again but a hand lashes out and catches her before her knees hit the ground for the second time that day. The first thing she notices is the sharp claws around her waist, dark fur covering the entire arm, monstrous and terrifying. The second is the low purring breath close to her ear. Mine, he rumbles, and she feels something wet dripping onto her shoulders, sliding down until she can see the smear of red all over her clothes. She makes the mistake of looking up to see who's captured her and sees a truly terrifying face, sharp fangs and wolf-like but enough human characteristics to be uncanny. She yelps and tries to pull away but his arm tightens around her and she's lifting off the ground. What, what are you doing, he turns her around and lowers her onto the floor gently or probably as gently as he can manage. She's never seen a Werewolf before. He's huge, easily twice her size and height, looming over her and casting her in his shadows. The moon shines brightly behind him and she's too tired to run. Her eyes are drawn to his face, wolf-like and human at the same time, blood dripping from his jaws and his claws. Her shirt is smeared where he's caught her earlier and for a second she's afraid he's hurt her but she doesn't feel pain there so it's not her blood. From the looks of it, it's not his blood either. He bends down until he is covering her with his body and presses his nose to her neck, breathing in deep. When he speaks again, it's a low rumbling growl that seems to shake the very ground she's laying on. Mine, he growls.

Mating the Omega Ada Stuart, 2020-12-13

Mated to three large alpha shifters. No way Leah decides. She might be an omega but who says she needs to follow every dust-covered tradition. Excerpt: The next morning Leah tried to stick to her usual routines and ignore what had happened yesterday. It wasn't a great success. Her mind seemed to be constantly churning on how she could avoid her fate. But so far, no good ideas had come forward. She needed to calm down. That would help her mind work more efficiently. But even a long warm shower had failed to calm her nerves. She dried her hair and got dressed. Taking some comfort in doing what she always did in the morning. There had to be a way out of this mess. Some miracle that would restore her life to normal and wake her up from this nightmare. As she left the bathroom, Leah heard her mother call from the story below her. Leah, Yes, There's someone here to see you. Who? Come down and see for yourself, dear. Leah had a strong suspicion

who it might be Taren Otherwise her mother would have said so She had briefly told her mother what her uncle had ordered her to do Her mother had seemed relieved but she hadn't nagged about it Instead she had kept her questions to a minimum as if she sensed Leah was too shocked to want to talk about it In fact she didn't even want to think or talk about the mating She wanted to forget the whole thing But the people around her wouldn't forget Particularly not if her so called mate would become a frequent visitor to her house Leah heard muttered voices coming from the living room as she moved closer Fearing the meeting yet it was better to know She stood in the doorway and looked inside At the same time they stopped talking and turned their attention to her Even if she had moved silently it felt like she had barged in Leah stiffened when she saw Taren wasn't the only visitor Three large men towered over her mother Each of them so large and broad their living room suddenly felt tiny Their faces turned to her Leah felt their eyes scan her entire body from top to toe As if they were weighing her judging her

Disguise NOTE This is the second book in the Monster series It can be read as standalone but you might enjoy it more if you read them in sequence Excerpt How s the patient Alicia heard a deep voice ask as she tried to slip away She knew the voice only too well but turned around to ensure it was Warren It shouldn t surprise her to see him He was always around Particularly when she messed up and needed a shoulder to cry on Or when she treated any of the alpha enforcers and they tried to force mate her Warren should know that she didn t need a protector After all he had taught her self defence when ordered to by their Alpha Initially Warren had been reluctant to teach her But he d still shown the young omega doctor how to protect herself But what was the point in all the lessons when he never allowed her to practise Alicia could deal with them She didn t need the large alpha at her back I held back He s still breathing Alicia said sarcastically Warren s eyes darkened as if he knew what Zeeb had said to her Had he been listening wondering when to intervene Alicia felt her anger build at the thought of being watched everywhere she went Haven t you better things to do than to guard my ass Alicia threw back at him Maybe I like to keep your front and rear intact Warren said with a smirk There s no need Warren Alicia sneered I could have dealt with him if he tried anything even if he s an enforcer It won t take long before Zeeb stops worrying about his d ck falling off And what about all the other alphas lurking around You re mistaken if you think they will ignore their instincts out of politeness The Alpha ordered them to leave me alone Alicia reminded him stubbornly Orders will be ignored if they re faced with an omega going into heat You should know that Alicia Warren said and looked as if he had no problem reminding her about how foolishly she had once behaved Alicia stiffened She knew her face showed her embarrassment She knew what he was referring to He didn t have to remind her of her mistake She remembered every tiny detail from that day when she d offered herself to him and how quickly he d turned her down

Break In Marilyn Fae, 2020-09-28 Allie wakes with a stranger in her bed and panics And that s before she realizes that she s been tied in place thick ropes keeping her trapped exactly where she is She blinks up at the man the werewolf who has her locked in place and open her mouth to plea to beg She hears the sound of flesh meeting flesh and then feels the sting on her cheek Fear clutches around her throat and clenches her heart It s hard to breathe harder still to think But she doesn t need to worry Someone s coming for her She s the mate of a powerful Alpha Werewolf and her bodyguard is also an Alpha It s just a matter of whether they can make it in time Excerpt Pathetic he growls to himself even as he makes his way upstairs checking in on his young charge even though there s no need to As the head of her security team he is allowed to be paranoid about her safety There are cameras in her room but they ve opted to stop using it once she turned eighteen He cheats sometimes and turns it on though just to make sure she s alright on her own It must be lonely being on her own all the time He supposes it s a good thing that the Alpha has finally decided to have her move in with him She wouldn t have to sleep alone anymore but she wouldn t need him anymore either Jesus His mind is going around in circles He makes his way towards her apartment ignoring the empty rooms adjacent to hers It s very faint but the closer he gets to her room the more sounds he hears He shouldn t be able to hear anything at all

He gets closer and realizes that he can hear noises coming from the apartment because the door isn't closed all the way. Did the men not make sure she's home safely before leaving her alone? He's being paranoid again. There's no one. Please, he hears her voice in a soft whimper and his beast surges to the forefront of his mind, seizing control. Before he knows what's he's doing, he has pushed the door open and is letting himself into the apartment; he has only been inside once when he was setting up the video cameras and thereafter on a screen. He sees everything so vividly now. He sees his precious young mistress tied up on the bed with tear tracks down her cheeks, her hair askew and white dress torn in places. He sees a man straddling her and his fingers around her neck. He sees red and he sees blood. *Lustful Werewolves* Sarah Pain, 2020-11-12
