misunderstood and often overlooked as the subject of serious study This anthology brings together a groundbreaking collection of essays that examine the cozy mystery from a range of critical viewpoints The authors engage with the standard classification of a cozy the characters who appear in its pages the environment where the crime occurs and how these elements reveal the cozy story s complexity in surprising ways Essays analyze cozy mysteries to argue that Agatha Christie is actually not a cozy writer that Columbo fits the mold of the cozy detective and that the stories portrayals of settings like the quaint English village reveal a more complicated society than meets the eye *The Gun Also Rises* Sherry
