10. \_\_\_\_\_ is a tendency to like people who are similar to ourselves.

**Abstract:** A comparison of two different methods of determining the effect of a treatment on a continuous outcome variable. The first method is the standard method of analysis, which is based on the assumption of normality. The second method is a non-parametric method, which is based on the assumption of symmetry. The two methods are compared using a simulation study. The results show that the non-parametric method is more robust to violations of the normality assumption than the standard method.

Boskey,2007-05 We live in a time when more and more people need credit just to make ends meet and living on the edge has become the norm Millions feel the squeeze of more money going out than coming in and seriously want a way off the hamster wheel Given skyrocketing costs of living mounting debt dwindling disposable income outsourcing and downsizing of jobs all time high foreclosures personal bankruptcies fewer healthcare benefits and pensions it now takes something more than it did

in times past to achieve financial well being That something more is The Quality Life PlanT a refreshing and overdue alternative to conventional financial wisdom It aims to restore true wealth to middle class Americans with uncomplicated personal finance strategies based on the whole story about money When the root cause of financial problems is exposed genuine solutions have the power to reduce and reverse them Finally there is a way out Susan Boskey In 1979 upon meeting her most significant mentor R Buckminster Fuller Susan grew to share his perspective that life is either a daring adventure or nothing at all As co producer for the last leg of Bucky s final 1983 national speaking tour Only Personal Integrity is Going to Count she gained new insight In particular Bucky s teachings on systems thinking inspired her to an independent study of the monetary system Her goal was to learn why while money greatly benefited a few it seemed a headache for most everyone else The Quality Life Plan a timely and refreshing approach to personal finance is the result of Susan s 25 years of research
