Porn Studies Linda Williams, 2004 In her pioneering book Hard Core Linda Williams put moving image pornography on the map of contemporary scholarship with her analysis of the most popular and enduring of all film and video genres Now fifteen years later she showcases the next generation of critical thinking about pornography and signals new directions for study and teaching Porn Studies resists the tendency to situate pornography as the outer limit of what can be studied and discussed With revenues totaling between ten and fourteen billion dollars annually more than the combined revenues of professional football basketball and baseball visual hard core pornography is a central feature of American popular culture It is time Williams contends for scholars to recognize this and give pornography a serious and extended analysis The essays in this volume move beyond feminist debates and distinctions between a good erotica and a bad hard core Contributors examine varieties of pornography from the tradition of the soft core pin up through the contemporary hard core tradition of straight gay and lesbian videos and dvds to the burgeoning phenomenon of pornography on the Internet They explore as examples of the genre individual works as divergent as The Starr Report the pirated Tommy Lee Pamela Anderson honeymoon video and explicit Japanese ladies comics consumed by women They also probe difficult issues such as the sexualization of race and class and the relationship of pornography to the avant garde To take pornography seriously as an object of analysis also means teaching it Porn Studies thus includes a useful annotated bibliography of readings and archival sources important to the study of pornography as a cultural form Contributors Heather Butler Rich Cante Jake Gerli Minette Hillyer Nguyen Tan Hoang Despina Kakoudaki Franklin Melendez Ara Osterweil Zabet Patterson Constance Penley Angelo Restivo Eric Schaefer

Michael Sicinski Deborah Shamoon Maria St John Tom Waugh Linda Williams *The Nail in the Skull and Other Victorian Urban Legends* Simon Young, 2022-06-27 Winner of the 2023 Brian McConnell Book Award from the International Society for Contemporary Legend Research In the last fifty years folklorists have amassed an extraordinary corpus of contemporary legends including the Choking Doberman the Eaten Ticket and the Vanishing Hitchhiker But what about the urban legends of the past These legends and tales have rarely been collected and when they occasionally appear they do so as ancestors or precursors of the urban legends of today rather than as stories in their own right In *The Nail in the Skull and Other Victorian Urban Legends* Simon Young fills this gap for British folklore and for the wider English speaking world of the 1800s Young introduces seventy Victorian urban legends ranging from Beetle Eyes to the Shoplifter's Dilemma and from Hands in the Muff to the Suicide Club While a handful of these stories are already known the vast majority have never been identified and they have certainly never received scholarly treatment Young begins the volume with a lengthy introduction assessing nineteenth century media emphasizing the importance of the written word to the perpetuation and preservation of these myths He draws on numerous nineteenth century books periodicals and ephemera including digitized newspaper archives particularly the British Newspaper Archive an exciting new hunting ground for folklorists *The Nail in the Skull and Other Victorian Urban Legends* will appeal to an academic audience as well as to anyone who is interested in urban legends
