Style, Gender, and Fantasy in Nineteenth-Century American Women's Writing Dorri Beam,2010-06-03 In this

2010 book Dorri Beam presents an important contribution to nineteenth century fiction by examining how and why a florid and sensuous style came to be adopted by so many authors. Discussing a diverse range of authors including Margaret Fuller and Pauline Hopkins, Beam traces this style through a variety of literary endeavors and reconstructs the political rationale behind the writers' commitments to this form of prose. Beam provides both close readings of a number of familiar and unfamiliar works and an overarching account of the importance of this form of writing, suggesting new ways of looking at style as a medium through which gender can be signified and reshaped. *Style, Gender and Fantasy in Nineteenth Century American Women's Writing* redefines our understanding of women's relation to aesthetics and their contribution to both American literary romanticism and feminist reform. This illuminating account provides valuable new insights for scholars of American literature and women's writing.

Silent Film Adaptations of Novels by British and American Women Writers, 1903-1929 Jamie Barlowe, 2024-08-08. *Silent Film Adaptations of Novels by British and American Women Writers, 1903-1929* focuses on fifty-three silent film adaptations of the novels of acclaimed authors: George Eliot, Charlotte Brontë, Emily Brontë, Mary Shelley, Louisa May Alcott, Harriet Beecher Stowe, Willa Cather, and Edith Wharton. Many of the films are unknown or dismissed, and most of them are degraded, destroyed, or lost, burned in warehouse fires, spontaneously combusted in storage cans, or quietly turned to dust. Their content and production and distribution details are reconstructed through archival resources as individual narratives that when considered collectively constitute a broader narrative of lost knowledge, a fragmented and buried early twentieth-century story now reclaimed and retold for the first time to a twenty-first-century audience. This collective narrative also demonstrates the extent to which the adaptations are intertextually and ideologically entangled with concurrently released early woman's films to re-promote and re-instill the norm of idealized white married domesticated womanhood during a time of extraordinary cultural change for women. Retelling this lost narrative also allows for a reassessment of the place and function of the adaptations in the development of the silent film industry and as cinematic precedent for the hundreds of sound adaptations of the literary texts of these eight women writers produced from 1931 to the 2020s.

Irishness in North American Women's Writing Ellen McWilliams, 2021-01-25. This book examines ideas of Irishness in the writing of Mary McCarthy, Maeve Brennan, Alice McDermott, Alice Munro, Jane Urquhart, and Emma Donoghue. Individual chapters engage in detail with questions central to the social or literary history of Irish women in North America and pay special attention to the following discourses of Irish femininity in twentieth-century American and Canadian literature: mythologies of Irishness in an American and Canadian context; transatlantic literary exchanges; and the influence of canonical Irish writers and ideas of exile in the work of diasporic women writers.

Women's Holocaust Writing S. Lillian Kremer, 1999-01-01. *Women's Holocaust Writing* the first book of literary criticism devoted to American Holocaust writing by and about women, extends Holocaust and literary studies by examining women's artistic representations of female Holocaust experiences. Beyond racial persecution, women suffered gender-related oppression and coped with the concentration camp

universe in ways consistent with their prewar gender socialization Through close insightful reading of fiction S Lillian Kremer explores Holocaust representations in works distinguished by the power of their literary expression and attention to women s diverse experiences **What American Women Did, 1789-1920** Linda Miles Coppins,2015-07-25 This reference book chronicles what American women did from the emergence of the republic through the end of World War I and the passage of the Nineteenth Amendment A broad spectrum of activities are depicted showing their many accomplishments and how their activities affected the world around them It was an era of great transition for all women A who s who of American women and some men those who showed great support or ironically great opposition to women s reform are described one year at a time beginning with 1789 and ending with 1920 Each year s activities are organized into seven possible categories domesticity work education religion the arts the law and politics and joining forces The book is thoroughly indexed
