Or will one night ruin their friendship forever Prequels, Coquels and Sequels in Contemporary Anglophone Fiction Armelle Parey, 2018-09-03 This book offers to delineate a key phenomenon in contemporary Anglophone fiction: novel expansion when the plot and characters from a finished novel are retrieved to be developed in new adventures set before, after or during the narrative time of the source text. If autographic and allographic sequels are almost as old as literature prequels that imagine the anteriority of a narrative and coquels that develop secondary characters in the same story time as the source text are more recent. The overall trend for novel expansion spread in the mid 1980s and 1990s and has since shown no sign of abating. This volume is organised following three types of relationships to the source texts even if these occasionally combine to produce a more complex structure. This book

comprises 11 essays preceded by an introduction that examine narrative strategies aesthetic ethical and political tendencies underlying these novel expansions Following the overview provided in the introduction the reader will find case studies of prequels coquels and sequels before a final chapter that encompasses them all and more Take a chance Abbi Glines,2016

I had an urge to fix all her problems. Which was stupid. She was doing fine without me. But something about those big eyes. Mase Colt Manning has always preferred his humble life as a Texas rancher to his birthright as the son of a legendary rock star. In fact, he rarely visits his father's rarefied world in Rosemary Beach, especially if it means bunking at his vile half sister Nan's house until one visit leads to a chance encounter with a young, gorgeous housemaid who awakens him with her off-key but spirited imitation of a country music star. Reese Ellis finally has her freedom. After escaping a lifetime of abuse from her parents and classmates for an undiagnosed learning disorder, she seizes the opportunity to be a housemaid to some of the richest families in Rosemary Beach. But her job is in jeopardy when she causes an accident at the home of her most important client, Nan Dillon. When a hot, half-naked stranger with a cowboy's swagger comes to her rescue, she's intrigued, then afraid. Once he shows his own interest, Reese has never met a trustworthy man in her life.
