**Column 1 – (Timesing column)** This is where multiplying figures are entered when there is more than one of the particular item being measured.

**Column 2 – (Dimension column)** This is where the actual dimensions, as scaled or taken direct from the drawings, are entered.

**Column 3 – (Squaring column)** This is where the length, area or volume obtained by multiplying together the figures in column 1 and 2 is recorded, ready for transfer to the abstract or bill.

**Column 4 – (Descriptive column)** This is where the written description of each item is entered. The right-hand side of this wider column is frequently used to accommodate preliminary calculations and other basic information needed in building up the dimensions and references to the location of the work, and is referred to as waste.
