The Master Christian:

The Master-Christian Marie Corelli, 2020-01-22 Christianity almost always plays a thematic role in the novels of Marie Corelli but in *The Master Christian* this abidingly popular late Victorian novelist tackles the subject directly. Written in an appealingly simple style, Corelli considers what it really means to be a Christian in the modern world. **The Master Christian** Marie Corelli, 1998 *The Master-Christian* Marie Corelli, 2022-08-10 In Marie Corelli's compelling novel *The Master Christian* the author delves into profound themes of spirituality, morality, and the quest for truth within a rapidly changing Victorian society. Through a rich tapestry of lyrical prose, Corelli juxtaposes the essence of Christ-like love against the backdrop of materialism and moral decay. The narrative follows the character of the enigmatic yet compassionate Ugo, who through his selfless acts embodies the ideals of what it means to be a true follower of Christ, portraying a masterful synthesis of romance, philosophy, and religious commentary that encourages readers to reflect on their own spiritual journeys. Marie Corelli, 1855-1924, a prominent novelist of her time, carved a niche in the literary landscape with her unique blend of mysticism and social criticism. Her passionate advocacy for spiritualism and nationalism, juxtaposed with her critique of societal norms, greatly influenced the thematic structure of *The Master Christian*. Corelli's personal experiences and fervent belief in the power of love and redemption are intricately woven into the narrative, shedding light on her literary motivations. This thought-provoking work is essential for readers who seek to engage with deep philosophical questions while enjoying an enthralling story. Corelli's masterful narrative invites reflection on one's values and beliefs, making it a significant addition to the canon of late Victorian literature. [The Master-Christian ... The Problem of the Christian Master Matthew Elia, 2024-05-28 A bold rereading of Augustinian thought for a world still haunted by slavery. Over the last two decades, scholars have made a striking return to the resources of the Augustinian tradition to theorize citizenship, virtue, and the place of religion in public life. However, these scholars have not sufficiently attended to Augustine's embrace of the position of the Christian slaveholder. To confront a racialized world, the modern Augustinian tradition of political thought must reckon with its own entanglements with the afterlife of the white Christian master. Drawing Augustine's politics and the resources of modern Black thought into extended dialogue, Matthew Elia develops a critical analysis of the enduring problem of the Christian master, even as he presses toward an alternative interpretation of key concepts of ethical life, agency, virtue, temporality, against and beyond the framework of mastery. Amid democratic crises and racial injustice on multiple fronts, the book breathes fresh life into conversations on religion and the public square by showing how ancient and contemporary sources at once clash and converge in surprising ways. It imaginatively carves a path forward for the enduring humanities inquiry into the nature of our common life and the perennial problem of social and political domination. **The Master** Walter Russell Bowie, 1958 **The Medieval Mind, Vol. 1**

Taylor, 2016-05 THE Middle Ages They seem so far away intellectually so preposterous spiritually so strange Bits of them may touch our sympathy please our taste certain of their stories their romances as if those straitened ages really were the time of romance which they were not God knows in the sense commonly taken Now if the pageant of those centuries charm our eyes with forms that seem so full of meaning why should we stand indifferent to the harnessed processes of mediaeval thinking and the passion surging through the thought Thought marshaled the great mediaeval procession which moved to measures of pulsating and glorifying emotion Let the reader be mindful of his purpose to follow through the Middle Ages the development of intellectual energy and the growth of emotion Holding this end in view we students all shall not stray from our quest after those human qualities which impelled the strivings of mediaeval men and women informed their imaginations and moved them to love and tears and pity

Christ Identity Sergio Rosell Nebreda, 2011-03-09 Sergio Rosell Nebreda focuses on how the Philippian Christ followers received Paul's letter The social historical literary rhetorical anthropological and theological elements are dealt with in order to understand the effect Paul wanted to achieve The main thesis of the book is that the apostle Paul who greatly suffered at Philippi and writing from a prison desires to affect the Philippians believers to acquire a Christ orientation based on the values expressed in the Christ hymn Phlp 2 5 11 forms the core of Paul's theological narrative that aims at constructing a sense of imitatio and conformatio in the Christ following community Paul uses a friendly style in his letters in order to produce rapport and trust in the community presenting himself as exemplum ad imitando after that of Christ It is because Paul so fully identifies with Christ's orientation in life that the apostle presents himself as a slave of Jesus Christ In the midst of a society ill with the desire for honour and power the Christ narrative stands as a radical call for an alternative life style based on the exercise of humility which seeks the interest of others rather than focusing on one's own needs and desires Paul insists on the basis of the Christ hymn that such a life style reveals God's character and it is therefore a life rewarded Through the use of Social Identity Theory this book evaluates how ancient people constructed their group identity in daily life and how through a seemingly inferior model that of Christ's kenosis in 2 5 11 the community receives a re definition of values which are according to God's values and who has the last word in history Paul thus presents an alternative and viable way of life in the midst of a society he knows well
