The Book of Revelation G. K. Beale, 2013-09-07 This commentary series is established on the presupposition that the theological character of the New Testament documents calls for exegesis that is sensitive to theological themes as well as to the details of the historical linguistic and textual context Such thorough exegetical work lies at the heart of these volumes which contain detailed verse by verse commentary preceded by general comments on each section and subsection of the text An important aim of the NIGTC authors is to interact with the wealth of significant New Testament research published in recent articles and monographs In this connection the authors make their own scholarly contributions to the ongoing study of the biblical text The text on which these commentaries are based is the UBS Greek New Testament edited by Kurt Aland and others While engaging the major questions of text and interpretation at a scholarly level the authors keep in mind the needs of the beginning student of Greek as well as the pastor or layperson who may have studied the language at some time but does not now use it on a regular basis

Organizing Your Youth Ministry Paul Borthwick, 2004-03-01 We need to get organized around here That is the common cry of youth workers who feel burdened by so much to do in so little time so many responsibilities and so few results so much criticism it seems so little support Paul Borthwick agrees that getting organized is

essential for effective your ministry and he has written an essential book to help those of you in youth ministry organize three different areas of your lives Personal How do your personal goals and your need for personal growth fit with your youth ministry If you re married are your spouse and children helped or hurt by your involvement with kids Are your other responsibilities suffering As Borthwick says Good ministry is the result of a balanced personal life Professional Do you see yourself as a youth professional Is your interaction with pastor and church board characterized by mutual respect It s the youth worker who will help other people see youth ministry as a profession and not just a fun and games operation Practical Is your budget balanced Do you frequently begin activities feeling only half prepared Do your volunteers and coworkers know what is expected of them Better planning and time management can create programs lessons and activities that help people grow learn and love each other Part I of Organizing Your Youth Ministry examines the need to the youth minister to organize his or her personal life as well as ministry setting priorities and the special challenges of church youth ministry Part II addresses the philosophical foundations of youth ministry organization Why do we do what we do What is it young people really need How do you work with a team Where do parents fit in Part III discusses how to organize the daily weekly monthly and yearly administrative demands of the youth ministry from budgets to retreats from activities to Sunday school lessons from choir to missions projects from discipleship programs to the special needs of junior high students Part IV helps us to evaluate our goals and to measure the effectiveness of our youth ministry always keeping in mind that as Borthwick says the ultimate purpose isn t just to produce better programs or a more efficient discipleship system but to present each person complete in Christ Col 1 28 NASB So if you like every other youth worker have too much to do too little time to do it in and sometimes don t know where to begin Organizing Your Youth Ministry can help Give it a try and you ll find out why Paul Borthwick says that organization can be a ministry in itself
