## **Reformation And Rivival Journal:**

**The Character of Theology** John R. Franke, 2005-07 Writing from a postconservative evangelical perspective this book introduces theology into today's ecclesial and cultural contexts

**The Ancient-Future Visionary** Robert E. Webber, 2025-01-28 Are we too comfortable with traditional forms of worship Are these forms truly historical or are they man made distortions of God's prescribed ecclesial order Do our accepted methods work against the functioning of the local church in its mission to evangelize and disciple rather than enhance it Join the late Dr Robert E Webber in this compilation of previously published articles and uncollected addresses as he discusses with characteristic humor and candor the diverse aspects of ancient and contemporary worship practices from the church in its infancy to the advent of the contemporary megachurch movement As in his many books including *Worship is a Verb* and *Worship Old New* Webber explores the attitudes and liturgies through which we approach a loving God Webber might infuriate or delight or both but he always stimulates

**'Behind' the Text: History and Biblical Interpretation** Zondervan, 2011-04-19 Christianity believes in a God who acts in history The Bible tells us the story of God's actions in Israel culminating in the ministry of Jesus of Nazareth and the spreading of the gospel from Jerusalem to Rome The issue of history is thus unavoidable when it comes to reading the Bible Volume 4 of the *Scripture and Hermeneutics Series* looks at how history has dominated biblical studies under the guise of historical criticism This book explores ways in which different views of history influence interpretation It considers the implications of a theology of history for biblical exegesis and in several case studies it relates these insights to particular texts Few topics are more central to the task of biblical interpretation than history and few books open up the subject in so illuminating and thought provoking a manner as this splendid collection of essays and responses Hugh Williamson Regius Professor of Hebrew University of Oxford England breaks new ground in its interdisciplinary examination of the methodology presuppositions practices and purposes of biblical hermeneutics with a special emphasis on the relation of faith and history Eleonore Stump Robert J Henle Professor of Philosophy Saint Louis University United States This volume holds great promise for the full fledged academic recovery of the Bible as Scripture It embodies an unusual combination of world class scholarship historic Christian orthodoxy bold challenges to conventional wisdom and the launching of fresh new ideas Al Wolters Professor of Religion and Theology Redeemer University College Ontario Canada The essays presented here respect the need and fruitfulness of a critical historiography while beginning the much needed process of correcting the philosophical tenets underlying much modern and postmodern biblical research The result is a book that mediates a faith understanding both theoretical and practical of how to read the Bible authentically as a Christian today Francis Martin Chair Catholic Jewish Theological Studies John Paul II Cultural Center Washington D C Not only is history central to the biblical story but from a Christian perspective history revolves around Jesus Christ All roads of human activity before Christ lead up to him and all roads after Christ connect with him A concern with history and God's action in it is a central characteristic of

the Bible The Bible furnishes us with an account of God's interactions with people and with the nation of Israel that stretches down the timeline from creation to the early church It tells us of real men women and children real circumstances and events real cultures places languages and worldviews And it shows us God at work in human affairs revealing his character and heart through his activities Behind the Text examines the correlation between history and the Bible For the scholar student and informed reader of the Bible this volume highlights the importance of history for biblical interpretation and looks at how history has and should influence interpretation *The Rise of the Global South* Elijah Jong Fil Kim, 2012-04-06 Global Christianity has been experiencing an unprecedented historical transition from the West to the non Western world The leadership of global Christianity has taken on a new face since the twentieth century Christendom in Europe and America has experienced a great decline while there has been a rise in Majority World Christianity Churches in the Global South have given their voices to global Christianity through their leadership world mission movements and theology The phenomenal church growth has risen from the Pentecostal and Charismatic movement Pentecostalism has become the dominant force in global Christianity today The Rise of the Global South examines the significance this shift has had on global Christianity by going through the history of Christianity in the West and the causes of the shift Revival Preaching Ernest Eugene Klassen, 2021-09-03 As part of his passion to bring glory to God Ernie Klassen is particularly interested in the revival of God's people and the awakening of the lost He believes strongly that God honoring Christ exalting and Spirit empowered preaching plays a critical role in revival and awakening No one models this dynamic better than Jonathan Edwards He was a pastor who was a protagonist of the First Great Awakening He thought deeply and critically about religious movements and his reflections and sermons provide valuable fodder for reflection Revival Preaching extracts the most important lessons of Edwards's writings and sermons for preaching in today's world *Seeking Him* Nancy Leigh DeMoss, Tim Grissom, 2009-09-23 Revival is not just an emotional touch but a complete transformation It can happen in your heart in your home in your church in your world Seeking Him is a 12 week interactive study on personal revival Get ready to experience the freedom and joy of an honest and humble heart true repentance God's amazing grace genuine holiness a clear conscience radical forgiveness sexual purity and walking in the Spirit Each week includes five days of individual study questions for group discussion and interaction testimonies of changed lives and Making it Personal questions and exercises God says that if you seek Him you will find Him What are you waiting for **Studies in the New Perspective on Paul** Don Garlington, 2008-06-15 This collection of essays follows upon its predecessor originally entitled In Defense of the New Perspective on Paul Essays and Reviews Wipf and Stock 2005 This second edition differs from the first in that five new chapters have been added and one review article has been deleted The change of the main title to Studies in the New Perspective on Paul is due to the conviction that the New Perspective on Paul actually represents a return to the original context in which Paul proclaimed the gospel of Christ Therefore it is not something to be defended but propounded in the

most positive terms possible      **Federalism and the Westminster Tradition** Mark W. Karlberg, 2006-10-15 More than any other theological tradition Reformed federalism has recognized the importance of the biblical teaching on the covenants in its system of doctrine This tradition came to mature confessional status in the writing of the Westminster Confession of Faith and Catechisms The place of the Westminster tradition within the stream of Christian history and theology is remarkable indeed Westminster not only gained recognition as the epitome of Calvinist teaching at the close of the Protestant Reformation the middle of the seventeenth century it also earned the reputation for precision and comprehensiveness in doctrinal formulation It became the measure by which biblical interpreters defended their systems of doctrine either in agreement or disagreement with the theology of the Westminster divines These writings are the climax of three decades of research and study and they appear as the third in the series of collections published by Wipf and Stock beginning with Covenant Theology in Reformed Perspective followed by Gospel Grace The Modern day Controversy The critical teaching in dispute in each of these studies is the classic Protestant antithesis between the Law and the Gospel what serves as the basis for the Reformed doctrine of the twofold covenants the Covenant of Works and the Covenant of Grace Protestant Reformed Orthodoxy now stands at the crossroads the plight of Westminster Seminary East and West is merely illustrative of the depth and the intensity of the contemporary theological dispute one impacting the future of Protestant evangelicalism as a whole The battle is between historic Reformed Protestantism and modern day revisionism of a radical sort The rapid rise of postmodernism or nonfoundationalism is indicative of the rapidly changing mood and posture in evangelical biblical scholarship at the opening of this third millennium of Christian interpretation Without question the modern church continues to loose her biblical moorings Forsaking the basic theological convictions of the Protestant Reformation it has attempted to subject the Word of God to vigorous academic i e scientific investigation the return of rationalism In doing so it has abandoned the Scripture principle which recognizes the uniquely authoritative and inerrant character of the Word of God Lost in the shuffle is the uncompromising proclamation of the one true Gospel the Gospel of justification by grace through faith alone Lost also is the doctrine of the perspicuity of Scripture Nothing less than a new Reformation in our day will halt travel down the road leading to destruction From the Preface      **The Reformers on War, Peace, and Justice** Timothy J. Demy, Mark J. Larson, J. Daryl Charles, 2019-09-23 Conflict and war were common during the Reformation era Throughout the sixteenth century rising religious and political tensions led to frequent conflict and culminated in the Thirty Years War 1618 48 that devastated much of Germany and killed one third of its population Some of the warfare as in central and southern Europe was between Christians and Muslims Other warfare in central and northwestern Europe was confessional warfare between Catholics and Protestants Religion was not the only cause of war during the period Revolts territorial ambitions and the beginnings of the contemporary nation state system and international order that emerged after the Treaty of Westphalia 1648 also fueled the trauma and tragedy of war In many ways the world of the Reformers and Protestant Reformation was a

violent world and it was within such a sociopolitical framework that the Reformers and their followers lived worked and died This book introduces the teachings of the Protestant Reformers on war and peace in their context before offering relevant primary source readings

**Becoming Divine** Brandon G. Withrow, 2018-01-01 Was Jonathan Edwards the stalwart and unquestioning Reformed theologian that he is often portrayed as being In what ways did his own conversion fail to meet the standards of his Puritan ancestors And how did this affect his understanding of the Divine Being and of the nature of justification *Becoming Divine* investigates the early theological career of Edwards finding him deep in a crisis of faith that drove him into an obsessive lifelong search for answers Instead of a fear of God which he had been taught to understand as proof of his conversion he experienced a surprising amazing joy Suddenly he saw the Divine Being in everything and felt himself transported into a heavenly world becoming one with the Divine family What he developed as he sought to make sense of this unexpected joy is a theology that is both ancient and early modern a theology of divine participation rooted in the incarnation of Christ

*Reformed Evangelicalism and the Search for a Usable Past* Ian Hugh Clary, 2020-09-07 The question of how theology shapes a Christian historian's reading of the past has been debated thoroughly in various academic periodicals Should historians recognise the role of providence in their accounts of past events Should they sympathise with their subject's theology Can objectivity be lost due to theological bias And last but not least is there a compromise of faith if one writes natural instead of supernatural history Such questions are important for understanding the historian's profession Arnold Dallimore who trained and specialised in pastoral ministry in Canada wrote an influential biography of the revivalist George Whitefield as well as others on Charles and Susanna Wesley Edward Irving and Charles Spurgeon How did his Reformed theological perspective impact his historiography How does his work fit into larger historiographical debates concerning the nature of Christian history While other books look at Christian historiography using abstract and methodological approaches this book examines the subject precisely by looking at the life and work of an individual historian It does so by placing Dallimore in the context of being a minister in twentieth century Canada as well as his role in the development of Reformed Theology in the Anglosphere It also examines the quality of his various biographies focusing on key issues such as the nature of religious revival the problem of Christianity and slavery and the question of charismatic religious experience His study concludes by examining the relationship between the discipline and profession of church history and asking what is required for one to be considered a church historian

**Jonathan Edwards on Worship** Ted Rivera, 2010-07-01 The great American pastor theologian Jonathan Edwards remains undeniably relevant today more than 250 years after his death as attested by the unending flurry of articles books and dissertations treating him Despite this virtually nothing has been written concerning Edwards's views on worship a subject central to the Christian faith and certainly to Edwards himself This volume explores Edwards's perspective on both public and private dimensions of worship aspects of which rise from well understood Puritan categories and proposes the practice of self examination as a bridge

between public and private devotion As Ken Minkema of the Jonathan Edwards Center at Yale writes in the foreword Ted Rivera s study is the first that systematically attempts to show us Edwards s views of worship and so represents an important resource for scholars and religious practitioners alike who are interested in liturgy the practice of piety and spiritual growth Through an engagement with Edwards s own words in letters notebooks and sermons we learn of Edwards s own spiritual life and of the nature of private and corporate devotion      *Reprobation: from Augustine to the Synod of Dort* Peter Sammons,2020-01-20 Over the centuries the Protestant church has been severed into two major positions in regard to predestination and reprobation On one side the Arminians largely reject these doctrines while the reformed readily embrace them as biblical truth Although much has been written either rejecting or defending the doctrine of reprobation little attention has been given to the historical development of the reformed position on the nature of reprobation and God s use of secondary causality in the hardening of the wicked By means of historical analysis Peter Sammons traces the development of the doctrine of reprobation from Augustine to the Synod of Dort In this book Sammons gives special attention to views on reprobation and its various parts preterition and predamnation along with how historically theologians have attempted to articulate its execution Perhaps one of the greatest paradoxes in all of Scripture theology and philosophy is here addressed How does an omnibenevolent and omnipotent God predetermine and interact with sin in the world Answering the question proves vital not merely to reconcile theological and philosophical concerns but to answer the all important question of life Who is God This volume is intended to provide a balanced analysis of the historical and intellectual development within reformed theology as to how God is simultaneously holy and sovereign by examining how reprobation and its parts have historically been defined Reformed understanding on this doctrine was not done in a vacuum nor was it concluded in the 180 meetings of the Synod of Dort rather it has a history within the church of thoughtful development      *The Theology of Dallas Willard* Gary Black Jr.,2013-08-06 Evangelical Christianity in the United States is currently in a dramatic state of change Yet amidst this sometimes tumultuous religious environment a rather unique blend of both ancient and contemporary Christian theology has found its way into the hearts and minds of emerging generations of Christians The Theology of Dallas Willard both describes and conveys the essence of this increasingly popular and perhaps mediating view of the gospel of Jesus Christ Blending both a prophetic critique with pastoral encouragement Willard s unique understanding of the reality present within a life lived as a disciple of Jesus in the kingdom of God is attracting both new and traditional Christians to reconsider their faith      *His Spear Through My Side into Luther* Matthew C. Heckel,2024-12-09 In the Bondage and Liberation of the Will Calvin claimed full agreement with Luther s doctrine of the unfree will and divine necessity Some scholars argue however that Calvin was trying to create the appearance of unity and was embarrassed by Luther s teaching They have also denied any substantial influence from Luther Others argue that the Reformers discontinued their teaching on necessity in the face of criticism Matthew Heckel defends Calvin s claim to unity with Luther and that Luther had a formative influence on Calvin

The latter can be seen in the fact that Calvin followed uniquely Lutheran contributions like the denial of free choice as a misleading term free choice only in what is under human dominion contingency defined as chance divine omnipotence as the actuating force of divine necessity and the distinctions between the hidden and revealed God and law and gospel Despite what some interpreters have said both Reformers affirmed necessity because of sin and divine sovereignty throughout their careers Though the Reformers believed in divine necessity they were careful to say that God was not the author of sin either before or after the fall of humankind While Luther and Calvin agreed on necessity imposed by sin and divine sovereignty they affirmed that the human will is always voluntary and thus responsible for its actions Concerning predestination they taught its double nature respecting the elect and the reprobate while consoling believers by pointing them to grace alone in Christ the revealed God and God s preservation of the elect Differences between the Reformers are noted but true solidarity existed on the will

**Deficiencies in the Justification of the Ungodly** Manuel (Manny) Alaniz,2013-07-15 In recent years the traditional reformed view of imputed righteousness has come under heavy scrutiny and disagreement resulting in an injection of theological fervor centering on the writings of the Apostle Paul The primary source of much of the disagreement comes from a theological movement called the New Perspective on Paul NPP The NPP movement has come to the forefront of New Testament theological scholarship resulting in a continuing debate on the Pauline writings The debate centers on the exegetical interpretation of these writings To state this more clearly the debate involves the reinterpretation of Paul s corpus of work found in Holy Scripture based on a new or different perspective The NPP encompasses a multifaceted theological rubric which questions the traditional interpretation of the Pauline writings including the doctrine of imputed righteousness Currently one of the foremost advocates for the NPP is N T Wright Wright an evangelical New Testament scholar strongly criticizes the traditional interpretation of the doctrine of imputed righteousness This book takes a critical look at Wright s view of the doctrine of imputed righteousness and identifies some deficiencies from a traditional reformed perspective

**In Defense of the New Perspective on Paul** Don Garlington,2005-01-25 The following book is comprised of a series of essays and reviews that have been produced over the past several years all related in one way or the other to the New Perspective on Paul NPP This defense of the NPP takes the form of a combination of exegesis and extended book reviews In endeavoring to defend the NPP the eight chapters of this book contain a common thread namely that the movement generically bearing this moniker is not inimical to most historical traditional systems of soteriology Yet because of the rather volatile reaction of many the volume seeks to redress the balance in favor of a more tempered approach to a highly controversial topic

W. Stanford Reid A. Donald MacLeod,2004 MacLeod s in depth analysis examines how an observant Christian academic unapologetically Calvinist openly articulated his faith in a secular environment and helped convince evangelicals to abandon their ghettoizing anti intellectualism His discussion of Reid s international networking serves as a reminder of the way in which Canadian evangelicalism was influenced by and in turn influenced the United States where Reid s influence was

appreciable both as a trustee of Westminster Seminary for thirty seven years and as editor at large of the nascent Christianity Today W Stanford Reid is a poignant in depth investigation of the life of a man whose career spanned academia and church

**When God Walked Among the Nations** Michael F. Gleason, 2019-07-01 The following is a brief description of the prevailing spiritual and moral tides that were washing over much of Europe and America in the early eighteenth century God's righteous name had been intolerably dishonored his pure and holy word disregarded by incompetent or unconverted clergy and the human family created to glorify God and enjoy him forever willfully and with abandon gave themselves to all manner of corruption These were despairing times with striking similarities to our present day And yet in the midst of this seemingly hopeless era the omnipotent God did what no man alone could accomplish he restored the honor due to his great name and exalted the power of his holy word through a revival that set ablaze two spiritually parched continents God Walked Among the Nations The pulpit was powerfully revived men and women by the tens of thousands were soundly converted and biblical renewal and social reformation flourished throughout the land Do you wonder if a revival so vast in scope that it produces extraordinary biblical moral and social reformation throughout your nation is even possible If you're pondering this question then it is time to read about the glorious event best known as the First Great Awakening and renew your hope

**Jonathan Edwards and the Ministry of the Word** Douglas A. Sweeney, 2010-03-23 Jonathan Edwards has been recognized as the most influential evangelical theologian of all time Before his death at the age of fifty four he had sparked a new movement of Reformed evangelicals who played a major role in fueling the rise of modern missions preaching revivals far and wide and wielding the cutting edge of American theology He has never gone out of print and Christians today continue to flock to seminars and conferences on him In this biography of the great preacher and teacher historian Douglas Sweeney locates for us the core and key to Edwards' enduring impact Sweeney finds that Edwards' profound and meticulous study of the Bible securely anchored his powerful preaching his lively theological passions and his discerning pastoral work Beyond introducing you to Edwards' life and times this book will provide you with a model of Christian faith thought and ministry
