**Post-Genocide Rwanda** Marcel Uwineza, Elisée Rutagambwa, Michel Segatagara Kamanzi, 2023 In the year 2019 Rwanda marked twenty five years after the genocide against the Tutsi Sadly Catholic priests and nuns were complicit or even participated in the killing of an estimated 800 000 ethnic Tutsis Thousands of people were slaughtered in Catholic Churches where they took refuge For example 5000 people are estimated to have been killed at the Ntarama Catholic Church in August 1994 In March of 2017 Pope Francis issued an apology remarking that the sins and failings of the Church and its members had disfigured the face of Catholicism This statement recognized that the Catholic Church's role in the genocide has implicated the entire Church and is an invitation to reimagine the very essence of the meaning of the Church theology in its multiple dimensions the missionary enterprise the mission of the Church and the place of human dignity in the Catholic faith The task of rethinking what it means to be the Church and restoring fraternal identity as Christians in post genocide Rwanda is thus crucial if theology is to make sense again This is particularly imperative in as much as theology is compelled to reflect upon the very evils that have disfigured the Church's image and people's identity namely the evils of sin suffering the

***Molière, the French Revolution, and the Theatrical Afterlife*** Mechele Leon,2009-10 From 1680 until the French Revolution when legislation abolished restrictions on theatrical enterprise a single theatre held sole proprietorship of Molière's works After 1791 his plays were performed in new theatres all over Paris by new actors before audiences new to his works Both his plays and his image took on new dimensions In *Molière the French Revolution and the Theatrical Afterlife* Mechele Leon convincingly demonstrates how revolutionaries challenged the ties that bound this preeminent seventeenth century comic playwright to the Old Regime and provided him with a place of honor in the nation's new cultural memory Leon begins by analyzing the performance of Molière's plays during the Revolution showing how his privileged position as royal servant was disrupted by the practical conditions of the revolutionary theatre Next she explores Molière's relationship to Louis XIV *Tartuffe* and the social function of his comedy using Rousseau's famous critique of Molière as well as appropriations of George Dandin in revolutionary iconography to discuss how Molièrean laughter was retooled to serve republican interests After examining the profusion of plays dealing with his life in the latter years of the Revolution she looks at the exhumation of his remains and their reinterment as the tangible manifestation of his passage from Ancien Régime favorite to new national icon The great Molière is appreciated by theatre artists and audiences worldwide but for the French people it is no exaggeration to say that the Father of French Comedy is part of their national soul By showing how he was represented reborn and reburied in the new France how the revolutionaries asserted his relevance for their tumultuous time in ways that were audacious irreverent imaginative and extreme Leon clarifies the important role of theatrical figures in preserving and portraying a nation's history ***Reinventing Environmental Enforcement and the State/federal Relationship*** Clifford Rechtschaffen,David L. diverse material ranges from Jane Austen's laughter to female detectives and black fiction. It coheres however through its focus on the interaction of language and society and the way language and culture maintain a persistent and dynamic exchange. Rather than deny links between one period and another, this collection argues for continuity and development, emphasizing revision and renewal rather than rejection and refusal. No longer do critics accept fierce divides or unbridgeable paths between the work of the Victorians and moderns. Recent approaches to the period, reflecting gender cultural studies and new historicism, provide fresh means of assessment. Central to this reconception is the recognition that if the Victorians invented us, we in turn have
