

# AP<sup>®</sup> Psychology Practice Exam

---

**From the 2013 Administration**

This Practice Exam is provided by the College Board for AP Exam preparation. Teachers are permitted to download the materials and make copies to use with their students in a classroom setting only. To maintain the security of this exam, teachers should collect all materials after their administration and keep them in a secure location.

Exams may **not** be posted on school or personal websites, nor electronically redistributed for any reason. Further distribution of these materials outside of the secure College Board site disadvantages teachers who rely on uncirculated questions for classroom testing. Any additional distribution is in violation of the College Board's copyright policies and may result in the termination of Practice Exam access for your school as well as the removal of access to other online services such as the AP Teacher Community and Online Score Reports.

**Trialectic** Peter A. Alces, 2023-08-15 A thought provoking examination of how insights from neuroscience challenge deeply held assumptions about morality and law As emerging neuroscientific insights change our understanding of what it means to be human the law must grapple with monumental questions both metaphysical and practical Recent advances pose significant philosophical challenges how do neuroscientific revelations redefine our conception of morality and how should the law adjust accordingly Trialectic takes account of those advances arguing that they will challenge normative theory most

profoundly If all sentient beings are the coincidence of mechanical forces as science suggests then it follows that the time has come to reevaluate laws grounded in theories dependent on the immaterial that distinguish the mental and emotional from the physical Legal expert Peter A Alces contends that such theories are misguided so misguided that they undermine law and ultimately human thriving Building on the foundation outlined in his previous work *The Moral Conflict of Law and Neuroscience* Alces further investigates the implications for legal doctrine and practice
