Grade 7

Georgia End-of-Grade: Social Studies

September 2015

### Achievement Levels and Achievement Level Descriptors

With the implementation of the Georgia Milestones Assessment System, Georgia educators have developed four achievement levels to describe student mastery and command of the knowledge and skills outlined in Georgia's content standards. Most students have at least some knowledge of the content described in the content standards; however, achievement levels succinctly describe how much mastery a student has. Achievement levels give meaning and context to scale scores by describing the knowledge and skills students must demonstrate to achieve each level.

The four achievement levels on Georgia Milestones are *Beginning Learner*, *Developing Learner*, *Proficient Learner*, and *Distinguished Learner*. The general meaning of each of the four levels is provided below:

**Beginning Learners** do not yet demonstrate proficiency in the knowledge and skills necessary at this grade level/course of learning, as specified in Georgia's content standards. The students need substantial academic support to be prepared for the next grade level or course and to be on track for college and career readiness.

**Developing Learners** demonstrate partial proficiency in the knowledge and skills necessary at this grade level/course of learning, as specified in Georgia's content standards. The students need additional academic support to ensure success in the next grade level or course and to be on track for college and career readiness.

**Proficient Learners** demonstrate proficiency in the knowledge and skills necessary at this grade level/course of learning, as specified in Georgia's content standards. The students are prepared for the next grade level or course and are on track for college and career readiness.

**Distinguished Learners** demonstrate advanced proficiency in the knowledge and skills necessary at this grade level/course of learning, as specified in Georgia's content standards. The students are well prepared for the next grade level or course and are well prepared for college and career readiness.

More detailed and content-specific concepts and skills are provided for each grade, content area, and course in the **Achievement Level Descriptors (ALDs)**. ALDs are narrative descriptions of the knowledge and skills expected at each of the four achievement levels and were developed for each grade level, content area, and course by committees of Georgia educators in March 2015 and July 2015. The ALDs are based on the state-adopted content standards.

# Released Social Studies 6 Grade Eog

**Stephen Samuel Smith**

### **Released Social Studies 6 Grade Eog:**

Boom for Whom? Stephen Samuel Smith, 2004-02-01 Bringing a new perspective to Charlotte's landmark school desegregation efforts Stephen Samuel Smith provides a multi faceted history of the nationally praised mandatory busing plan and the court battle that led to its ultimate demise Although both black and white children benefited from busing its most ongoing consequences were not educational but the political and economic ones that served the interests of Charlotte's business elite and facilitated the city's economic boom Drawing on urban regime theory Smith shows how busing enhanced civic capacity and was part of a political alliance between Charlotte's business elite and black political leaders This account of Charlotte's history has national implications for desegregation urban education efforts to build civic capacity and the political involvement of the urban poor      Government Reports Announcements ,1972      Government Reports Index ,1972
