## **Vegetarian Recipe Dinner:**

Vegetarian Dinner Parties Mark Scarbrough, Bruce Weinstein, 2014-09-09 If you're inclined to throw a dinner party you probably do what most folks do. You make a few sides and maybe a salad, ask someone to bring dessert and put a hunk of meat in the middle of the table like the roast beast in *The Grinch*. But what about vegetables? Living in a meat-centric world, most of us simply don't know how to cobble together a series of vegetarian dishes that work together to create a perfect dinner party. Why? Because vegetarian cooking for dinner parties is not part of the American culinary lexicon until now. Here, critically acclaimed food writers and omnivores Bruce Weinstein and Mark Scarbrough take the reader by the hand and teach them not only how to make extraordinarily delicious and modern vegetarian and vegan dishes that everyone will love, everything from Sweet Pea Samosas to Warm Vegan Donuts, stews, braises, pastas, and more, but they also show readers how to actually build dinner parties starting with flavors, seasonality, and availability, and even time and skill. Each recipe, which can certainly stand on its own, will be complemented by a wine or drink matching and instructions for how to place the finished dish in the choreography of a 3-course dinner party. **The Part-Time Vegetarian** Nicola Graimes, 2015-09-15 The common link between vegetarians and part time vegetarians flexitarians is that they like to base their meals on vegetables Whether this is for health economic or moral reasons or a combination of all three the fact is a flexitarian diet one that is largely vegetarian but occasionally includes poultry meat and seafood is growing in popularity and is a long term trend that cannot go ignored Let's face it the flexitarian or semi vegetarian diet is the way to go meat and fish are becoming prohibitively expensive our current consumption cannot be sustained in years to come and the health benefits of a vegetarian diet are well documented But while the number of vegetarians is significant a study by the American Journal of Clinical Nutrition found that nearly two out of three vegetarians occasionally like to meat chicken or fish The Part Time Vegetarian Cookbook shows just how delicious adaptable and varied this way of eating can be Rather than taking centre stage meat or fish are not the main focus of the recipes which value the often under used and under valued vegetables grains legumes nuts eggs and dairy foods The recipes are not about taking something away however but adding a new dimension and consequently widening and extending the homecook's repertoire of dishes Organised by meal type The Part Time Vegetarian Cookbook features chapters on Breakfasts Brunches Small Bites snacks lunches and light meals Weekday Suppers Weekend Cooking Food for Sharing entertaining special occasion celebrations and al fresco and Something Sweet The recipes are all vegetarian but can easily be adjusted to suit non vegetarians
