Fugle, 2015-01-01 Battles over creation or evolution have been perpetuated for years by vocal Christians and scientists alike But conflict has never been the only choice Laying Down Arms to Heal the Creation Evolution Divide presents a comprehensive uplifting alternative that brings together an orthodox biblical view of a sovereign Creator God and the meaningful discoveries of modern evolutionary biology Gary Fugle offers unique insights into this debate from his dual perspective as both an award winning biology professor and a committed leader in conservative evangelical churches In

focusing on the stumbling blocks that surround creation and evolution debates Fugle sensitively addresses the concerns of skeptical Christians and demonstrates how believers may celebrate evolution as a remarkable aspect of God's glory He describes how the mainstream scientific community as well as numerous Christians may alter current approaches to eliminate conflicts He explains conservative readings of early Genesis that respect both the inerrant words of Scripture and the evolutionary revelations in God's natural creation This book is for individuals who sense that biblical Christian faith and evolution are compatible without compromising core convictions If given good reasons to do so are we willing to lay down our arms to affirm an encompassing vision for the future Comparative Anatomy of the Vertebrates George Kent, 1973
