James Swan, 2011-03 After 18 years of working at the highest echelons of the design industry nationally known interior designer Swan has observed virtually every mistake and now offers a guidebook for every home that eschews the traditional design tome format **How to Cook Children** Martin Howard, 2008-08-18 This unique children's book presents delicious recipes from witches around the world Every dish has one thing in common the main ingredients are CHILDREN In the classic gruesome style typical of children's authors such as Roald Dahl this book is a ten year old's paradise filled to the brim with bogies squashed frogs zombie chickens and the funniest witches ever seen Many witches have contributed from Barfa Stew Wart in the United States France's favourite Mad Elaine de la Moustache to Britain's very own Janie Groviller Featuring a short introduction to each recipe by the general editor Esmelia Sniff who despises all her contributors and also suffers from severe incontinence each recipe drips with cruelty and will have every witch drooling with delight The text is written with a variety of voices each more preposterous than the last and written to appeal to children but with many jokes that will make this a hit with adults too The darkness of the subject matter is offset with laugh out loud humour and the absurdity of the witches characters Designed to resemble a witchy version of a modern cookbook it is stunningly illustrated throughout

**White Kids** Margaret A. Hagerman, 2020-02-01 Winner 2019 William J Goode Book Award given by the Family Section of the American Sociological Association Finalist 2019 C Wright Mills Award given by the Society for the Study of Social Problems Riveting stories of how affluent white children learn about race American kids are living in a world of ongoing public debates about race daily displays of racial injustice and for some an increased awareness surrounding diversity and inclusion In this heated context sociologist Margaret A Hagerman zeroes in on affluent white kids to observe how they make sense of privilege unequal educational opportunities and police violence

In fascinating detail Hagerman considers the role that they and their families play in the reproduction of racism and racial inequality in America *White Kids* based on two years of research involving in depth interviews with white kids and their families is a clear eyed and sometimes shocking account of how white kids learn about race In doing so this book explores questions such as How do white kids learn about race when they grow up in families that do not talk openly about race or acknowledge its impact and What about children growing up in families with parents who consider themselves to be anti racist Featuring the actual voices of young affluent white kids and what they think about race racism inequality and privilege *White Kids* illuminates how white racial socialization is much more dynamic complex and varied than previously recognized It is a process that stretches beyond white parents explicit conversations with their white children and includes not only the choices parents make about neighborhoods schools peer groups extracurricular activities and media but also the choices made by the kids themselves By interviewing kids who are growing up in different racial contexts from racially segregated to meaningfully integrated and from politically progressive to conservative this important book documents key differences in the outcomes of white racial socialization across families And by observing families in their everyday lives this book explores the extent to which white families even those with anti racist intentions reproduce and reinforce the forms of inequality they say they reject

**This Kind of Child: The 'Disability' Story** K. Srilata, About the Book A SENSITIVE AND EYE OPENING ACCOUNT OF THE LIVES OF PERSONS WITH DISABILITIES AND THOSE AROUND THEM I am the mother of a child who did not fit the school system a child who was disabled by it She was a child who made errors mistakes that the school system was unforgiving of We were told by the principal of an alternative school that they could not possibly admit this kind of child My daughter went from being a child to this kind of child in that one moment When she started working on the book it was Srilata's daughter who was its protagonist But soon she realised that there was no way she could stop with her daughter's story With each step ahead or back she became acutely aware of the larger story of the things we frame as disability I have learnt that disability is profoundly political that it is heartbreakingly social In This Kind of Child Srilata brings together first person accounts interviews and short fiction which open up for us the experiential worlds of persons with disabilities and those who love them The book offers a multi perspectival understanding of the disability experience its emotional as well as imagined truth both to the disabled themselves as well as to those closely associated with them I have learnt that stories are always bigger than they seem at first bigger wider and deeper At the heart of this book is inter being and the question What does it mean to love and accept yourself or someone else fully
