Jed McKenna, 2013-04 We are programmed from birth to believe that our existence is an unsolvable riddle but if we make an honest effort we discover that mystery itself is the riddle Not just what is the big mystery but why is there any mystery at all And what if there isn't What if the Mysterium Tremendum is just an internal belief without any external counterpart What if the answers to life's biggest questions were all hidden in plain sight If man will strike strike through the mask How can the prisoner reach outside except by thrusting through the wall Herman Melville Those interested in striking through the mask will welcome a theory of everything that makes sense doesn't rely on religious or scientific chicanery and can be easily understood And those familiar with Jed McKenna and the Enlightenment Trilogy will know that it's not just a theory **Jed**

McKenna, 2016-08 If life is but a dream to what do we awake The central premise of Dreamstate A Conspiracy Theory is the admittedly ridiculous but incontrovertibly true assertion that the universe does not exist This is something you can understand conceptually like watching a documentary about Antarctica or experientially like moving to Antarctica There's also a related phenomenon where you fall asleep watching the documentary and wake up in the frozen wasteland That's gotta be weird but the truth is that you're asleep in a barren wasteland dreaming that you're not so that's where waking up gets you **Play: A Play by Jed McKenna** Jed McKenna, 2015 It is what it is they say but is it Jed McKenna has always

been more about destroying questions than answering them so it's no surprise that Play is more Q than A. In fact it might be viewed as a progression through the stages of self inquiry each of the seven vignettes taking us a bit further along on the inward journey the early vignettes asking the questions and the latter ones looking at those who do ask showing us promising us warning us where honest and relentless inquiry really lead. But who Jed has asked really wants to go where this road really leads. On this journey who you are changes with every step and it's all about taking the next step. In the end Play is what it is. Or is it. Maybe it's the journey of the examined life or maybe it's just a playful little play. Ultimately of course Play like life like anything is whatever it is to you.

Spiritual warfare: fact or fiction? [Paperback] Susan Mansfield, *Book of Love* Humaira ~ Amy Adams, 2012-10. This collection of poems is the fruit of the author's surrender to life to unconditional love. The words arose from the ashes of despair offering themselves as a healing salve for the pain that can accompany enormous change. Pure intentions fueled the pen and the power of the words is transformative. Allow yourself to awaken to the truth of who you are and to the joy that is you by dissolving into the message this book contains. We are all divinely human and humanly divine. The poetry contained within these pages invites you to claim both aspects of yourself to say YES to Aliveness and to shine your light to the world and beyond.

The Jasper Love Trilogy Onyx Cantor, 2020-03-02. This is the story of one man's triumph over Cult Religion. As a preacher's son Jasper Love struggled to comply with the dogma and bigotry of the unpredictably changeable Doctrine of Good Enough dictated by Cult Religion. He and four sisters labored to comply with cult demands consistent with their mother's mantra: People expect preacher's kids to be perfect. The Voice of Truth bestowed on Jasper as a child in a genuine salvation encounter with Jesus Christ conflicts with voices of deception from pulpits and pews triggering crippling anxiety depression and suicidal ideation. Further compounding his confusion is a terrifying awareness of the cult's distortion of scripture concerning his innate identity. When a Connecticut preacher detects his private struggle the Bible scholar promises: If you marry a good Pentecostal girl this thing will just fade away. Jasper foolishly accepts the challenge believing that the pastor's counsel is based on Truth. A 32 year battle ensues during which a Pentecostal preacher's daughter who aware of his struggle and trained in Exploitation of Advantage manipulates and controls the miserable husband who strives to suppress and conceal an innate identity which simply won't leave me alone. Cultists despise his genuine relationship with God when the Holy Spirit weakens the tenacious grasp of the antiChrist's claim on his soul rescuing him from abominable doctrines through Spiritual Enlightenment to Truth. Absolute Spiritual Warfare ensues during which he is molested by authority figures betrayed by cult dishonesty falls into sin is attacked by demons and is delivered by the Holy Ghost through visions of spiritual combat between the demons of Cult Religion and the Angels of Truth. In the end his foolish attempt to conform with the Doctrine of Good Enough predictably results in the destruction of everything he wasted a lifetime building: marriage family home career material wealth and reputation. Yet in losing all he is delivered from the Darkness of cult idolatry whereupon he is finally free to immerse himself in genuine Truth Light and Love breaking the

tyrannical chains of Cult Religion Released by the Holy Spirit from cult bondage he is at last unleashed to fulfill his destiny To teach the Truth about Jasper Love that boundless unconditional love known only to those who genuinely experience Spiritual Enlightenment to a people deceived by the hateful harlots of idolatry who are nothing more than power crazed authoritarian self aggrandizing despotic antiChrist heretics who worship only one god CONTROL **Globalizing Theology** Craig Ott,Harold A. Ettington,2022-07-22 The focus of this book is on Aliens having visited or living on this Earth There is lots of evidence that not only are Aliens on Earth during the present but have been here for thousands if not millions of years There are lots of stories and some good evidence that this is all true Even today there are videos of alien craft and stories in the news about our government still studying and

reporting on Aliens visiting us What is this evidence of Aliens living on the Earth in the past and currently And where do we separate the facts from the fiction What technologies might these Aliens have And how do these beings interact with our civilization Lots of information is provided here to help better understand who the aliens are how many types we know of and how it might be possible for them to stay hidden on the Earth for thousands of years Hope you find all this information interesting and it provides you with some food for thought

The Commentaries of Living Immortals Martin K.

Ettington, This is a book about living immortals in their own words People who are hundreds if not thousands of years old and living in our world today Their commentaries come from a discussion board I have been using for a couple of years to market my earlier book Physical Immortality A History and How to Guide There are over twelve distinct immortal personalities who posted on this board and they all have different perspectives on their lives as immortals One of the main characters on the site said this about the immortals I have met over 170 other immortals dating from 20 000 years old to 110 years old from around Earth Gods are in another league I have met 15 Gods Goddesses most are Norse Celtic Gods There is at least 2000 of us out of your 7 billion humans doing the exact same as me ie jobs names some still hide in mountains and forests Do I believe all of this I do have some skepticism but even if it is not true it is a great story If true it is one of the greatest revelations of all time

Records of Extremely Long Lived Persons Martin K. Ettington, 2012-03-22

How long can people really live We are all taught by family friends and our family doctors that we should live into our seventies and eighties then die in the normal course of events The truth is that there are legitimate records of persons up to hundreds of years old One only has to do the research In this book I present extensive records of nine individuals who lived from one hundred thirty to over three hundred years Hope all this information provides you some food for thought

God Like Powers and Abilities Martin K. Ettington, What are God Like Powers Abilities These are the abilities of the human spirit which are supposed to be impossible but which really exist The abilities and powers reviewed in this book include Telepathy Psychokinesis Levitation Invisibility Invulnerability Teleportation Creating your future Prophecy Omniscience and much more Why a book on this subject I've read about these abilities over the years in many different books and articles as well as my own experiences and thought that others might want to learn about them in one organized encyclopedia of the subject Why is this book worthwhile This book will help the reader understand what is the basis for these powers before going into a full review of each one Like most of my books I take the reader through some background material before I get into the meat of the subject In this case we start by reviewing the original source of God Like abilities The Yoga Sutras of Patanjali and how these abilities and powers work Then I provide an introduction to meditation and stillness practices and how they help the seeker to get in touch with their own spirit After that we proceed into a discussion of the vital forces or prana the energy body and what that energy is used for What will I learn about these Powers and Abilities In each of the chapters on individual powers and abilities I start by explaining what the ability is and how it has been used in the past Then some historical and or

modern documented experiences of the ability or power is given Finally I provide exercises and practices to learn these abilities for yourself I m not going to claim that anyone can learn these abilities and powers right away but a clear path is provided on how to get there Reference materials to other books and sources which can help you learn more are also provided This includes links in the electronic versions of the book and a detailed bibliography or sources

The Fourth Millennium Piero Boi, 2011-07-02 Presentation of Cargo of Clones by Chiara Rolandelli When I was assigned Cargo dei Cloni to translate I was very pleased It had been months since I had translated a book The only thing was that it was a translation from Italian to English Oh my Goodness I said to myself I m Italian and even though I have studied English for years I m not English mother tongue Will I be able to write a text which isn t in my mother tongue in the same way I have done for some years This new task which I had been given and which I decided to accept would be a great challenge Moreover it was a subject matter which was totally new to me science fiction Up to that point I had translated only fiction for children and teenagers mostly love stories adventures and stories about vampires and witches As soon as I started to read Cargo dei cloni from the first

lines I understood that it would be an arduous job The author Piero Boi used a writing style which created some problems for me because of its confused and sometimes not very clear sentences On the contrary the English language demands simple and comprehensible sentences without many subordinate clauses It s even better if the sentences are short The style in which Cargo dei Cloni is written isn t at all straightforward to translate into English especially not without losing the author s unique signature So my first reaction to this text was Oh my Goodness How difficult it is to understand this language How do I best translate it I had to interpret the meaning of sentences in the right way to make them simpler in order to translate them appropriately into English even splitting a sentence which was too long in two and changing the punctuation where necessary but never distorting the text s nature Moreover I realized immediately that I wouldn t find many dialogues in this text only a few lines from time to time Instead the author used long descriptions of events meetings and moves among the various planets of the Solar System and endless lists of objects to narrate the story Truly a very descriptive text And the author was so intent on the details A very unique book in its plot language and style And yet in spite of my doubts and apprehension as I was ventured through this new task I discovered after a few pages that I had already grown fond of this story and of the main character who I was getting to know Tuiavii I was the translator by now it was just me and I liked it I absolutely wanted to create the best possible English text giving my maximum effort to get a product which would be understandable to and enjoyed by all English speaking readers In fact every time I translate a book I think This time too I give the reader the opportunity to enjoy something intentionally created by me for him Cargo dei Cloni melds science fiction and adventure with a unique love story that weaves through space and time to create an enjoyable unpretentious read for the science fiction fan Its unique style and quirky characters are revealed as we follow Tuiavii on his journey as a young rebel fighter to the leader of an army opposing universal domination Meanwhile we witness how several fascinating civilizations band together and eventually prove that cooperation and brotherhood are the qualities that eventually redeem them against a common enemy Therefore after a few pages I was completely captivated by Cargo dei Cloni and engrossed in the personal events of the protagonist Tuiavii I appreciated this character because Tuiavii is certainly a man who through his circumstances becomes an hero And he s a true hero because his human nature never fades his humanity is continuously highlighted throughout the text in his fears weaknesses emotions and feelings Although he never searched out the role of hero the role was given to him because he was able to carry it out He s a hero but first of all he s a man He embodies the character of the virile man with his physicality and his presence Moreover the author makes him be prolific I think that in this sense the author has been greatly influenced by the autochthon populations culture of Madagascar the country where he has been living for over thirty years In countries like this fertility and offspring are measures of wealth and therefore Tuiavii s family is immediately wealthy I appreciated this value very much because our modern society is based more on the figure of the single man and tends to be more selfish and no longer based on large families as before where the sense of belonging

was very strong Looking back even though I found the descriptions quite tedious at the beginning I soon learned to enjoy them Every move among the planets of the Solar System is described with care and patience as well as Tuiavii s every meeting with the various characters of the story The reader is quickly introduced to his complex background and eclectic group of friends though the writer s articulate writing rich in detail and descriptions Like the traditional hero he finds his way through a series of struggles and faces his adversaries with the help of Facta his trusted sidekick As he struggles to put aside his own desires for a stable family life in order to help to save the planet we come to see him as a relatable fallible everyman thrust into an impossible situation And how can one not root for the accidental hero that overcomes his own inner conflicts for the sake of a bigger cause Readers will soon find themselves enjoying the twists and turns of this unusual novel

Cargo dei Cloni took on a life of its own in the English language with a rising enthusiasm from my side because I truly love this job and because every book that is to be translated has an immense value for me like a treasure hidden underground and yet to be discovered
