Regardless of the scope or complexity of library fundraising, successful efforts are always about forging and strengthening relationships with the range of stakeholders throughout the community. Dowd and her team from Library Strategies, a consulting group of the Friends of St Paul Public Library, share proven strategies that have brought in more than 1 million annually. Believing that private fundraising is a natural for libraries large and small, they start with 12 facts about library fundraising and focus on activities with the highest return. Tips and features include: The gift pyramid model for developing the culture of giving that leads to big gifts; Overcoming fears of sponsorship and embracing cause-related marketing; Pitching the appropriate charitable gift; Confronting common fears of requesting major gifts; The pros and cons of membership programs. **Cover Letters, Follow-Ups, Queries and Book Proposals** Anne Hart, 2004 Once your cover letter is positioned first to be noticed, then how do you position the letters to be noticed for the longest time in a number of situations? What kind of thank you letters work best? How do you ask for help in finding a job from a letter to a stranger, acquaintance or business networking contact? How do you write a cover letter that will never be misinterpreted as a sales pitch or autobiography? How do you plan, write and format an outstanding book proposal that lets the reader see the bottom line profit for the publisher? Go where no one else has gone before when you plan, write and format great cover letters, follow-up letters and book proposals. Cover and follow-up letters or proposals could be applied to book proposals, book proposal cover letters, written marriage proposals, pre-nuptials and courting. Cover letters could apply to love letters, letters to friends and relatives, business contacts at trade shows or literary agents. How do you use cover and follow-up letters to position first your resumes, proposals, relationship communications, marketing or sales connections and connections? After cover letters, how do you plan, write and position first your follow-up letters? What types of letters bring people together? Act as a catalyst. Get you an interview. Position you first for inclusion in a job, business or relationship. What type of letters position first, attract and sell what you can do without looking like sales letters? What types of cover and follow-up letters are best sent with a resume. **Events Management** Glenn A. J. *Televised Presidential Debates and Public Policy* Sidney Kraus, 1999-10-01 With this second edition Kraus continues his examination of formal presidential debates considering the experience of television in presidential elections reviewing what has been learned about televised debates and evaluating that knowledge in the context of the election process specifically and the political process generally He also examines the media and the role they occupy in presidential elections Because critics often refer to the Lincoln Douglas debates when reproaching presidential debates comparisons of the two are discussed throughout the book Much of the data and information for this accounting of televised presidential debates comes from the author's first hand experience as one who was involved with these debates as a participant observer on site at nearly all of the debates discussed

Throughout these discussions emphasis is placed on the implications for public policy To suggest policy that will be accepted and adopted by politicians and the public is at best difficult Proposals for changes in public policy based on experience even when scientific data support those changes must be subjected to an assessment of the values and predispositions of the proponent These values and predispositions however may not necessarily inhibit the proponent s objectivity As such this review of television use in the presidential election process provides the context for examining televised debates
