Skimpy Coverage Bonnie M. Hagerman, 2023-05-15 Skimpy Coverage explores Sports Illustrated s treatment of female athletes since the iconic magazine s founding in 1954 The first book length study of its kind this accessible account charts the ways in which Sports Illustrated arguably the leading sports publication in postwar America engaged with the social and cultural changes affecting women s athletics and the conversations about gender and identity they spawned Bonnie Hagerman examines the emergence of the magazine s archetypal female athlete good looking straight and white and argues that such qualities were the same ones the magazine prized in the women who appeared in its wildly successful Swimsuit Issue As Hagerman shows the female athlete and the swimsuit model at least for the magazine were essentially one and the same Despite this conflation and the challenges it poses Hagerman also tracks the distance that sportswomen including Wilma Rudolph Billie Jean King Serena Williams and Megan Rapinoe have traveled both within Sports Illustrated s pages and without Blending sports with gender history Skimpy Coverage profiles numerous sportswomen who have used athletics and the platform sport offers to push for empowerment freedom equality and acceptance in ways that have complemented and inspired broader feminist agendas

Sports, Media, and Society Kevin Hull, 2024-03-26 Whether espoused by sports leagues teams or individual athletes social issues are part of the sporting world fabric The sports media often plays the gatekeeper deciding how messages are presented and to what extent they re covered if at all Sports Media and Society investigates the impact of societal issues in sports and how the media reports those stories Why does the sports media operate in the manner that it does and what s the impact of its decisions on the audience With Sports Media and Society there is now a resource that combines mainstay class discussion points current case studies and theoretical and historical foundations in one comprehensive text The book s 34 chapters are each short and concise a format preferred by instructors covering a wide range of topics and easily digestible for students Part I covers sports media history and the media s role as gatekeeper Chapters explore the history and evolution of various media newspapers magazines radio television and social media and the business of and competition between sports media entities Case studies examine NBC s Olympics coverage and the nimbleness of Sports Illustrated in the digital space Part II showcases television s impact on how fans follow sports Discussions include ABC s Wide World of Sports which

exposed viewers to events around the globe ESPN's foray into 24/7 sports coverage and Fox Sports' shocking NFL deal which marked a new era in media rights negotiations and sports broadcasting technologies. The intersection of sports and social issues is the focus of part III. Numerous issues are addressed punctuated by case studies involving key players and events related to each topic. Cases concerning Colin Kaepernick, USWNT, and coverage of women's sports generally, LGBTQ issues, and obstacles faced by women working in sports media are highlights while examinations of social identity theory and framing provide context on how people identify with specific groups and how the media influences opinions. Athletes and sport entities are constantly in the news, not always in a positive light. Part IV addresses crisis management and communication featuring case studies about Tiger Woods, Lance Armstrong, LeBron James, The Decision, Kobe Bryant's death, and the misreporting of facts surrounding it, and the Houston Astros sign-stealing scandal. The text concludes with part V which explores emerging trends in sports media and society. Through social media, virtually anyone can become a thought leader, wresting control from traditional outlets, and teams and athletes can dialogue directly with fans, effectively sidelining sports journalists. Chapters on the formerly taboo subjects of athlete mental health and sports wagering, as well as the exploding popularity of esports, round out the text. Sports shape our culture in numerous ways, and the sports media plays a transformative role in how it occurs. Sports Media and Society prepares tomorrow's sports journalists and communicators to venture beyond the how-tos of developing content to understanding the whys behind it.

Lindsey Vonn Marty Gitlin, 2012-03-16 This biography of Olympic champion Lindsey Vonn delves into the childhood lifestyle and career of arguably the most accomplished skier in American history. Vonn has won three consecutive World Cup championships and earned an Olympic gold medal in 2010. Her rise to stardom has been bumpy with two critical obstacles that have tested her multiple times during her career: her turbulent and now estranged relationship with her father and the many physical injuries sustained because of her notoriously

The Cowgirl Princess and Starwalker Dianne Brown,2012-07-13 Who could have known that this girl child seeded in a little cabin at a Columbine resort on her mothers honeymoon would carry stardust in her veins from a stellar system so very far away in the universe It would have been impossible at that time for anyone to know that in this mortal flesh walked an entity of high spiritual esteem My mother named me Diana after the goddess of the hunt the forest and the beloved moonwhich is merely 250 thousand miles away Precious precious and set aside kept safe for these days I was tenderly wrapped in mythology and poetry and tucked in nightly by my mother who showed me the moon and the man who lived there This magical lady told me her firstborn that I

was made of moonbeams and stardust There is no doubt in my mind that I was programmed by Lorines love of poetry and stories Her childlike belief in the truth of fairytales and the magic of rhyme and words strung together like precious jewels in a royal necklace was impressed into my DNA This caused certain dendrons to lie down and give way to those that would stand tall and carry verse and prose through my soul like a great river I have kept my promise to Lorine I have written her story The Cowgirl Princess and Starwalker using her collection of journals and photographs and of course I wove it all together with my own especially special collection of memories and lots and lots of stardust and tears *Best Life* ,2008-05 Best Life magazine empowers men to continually improve their physical emotional and financial well being to better enjoy the most rewarding years of their life The Art of Her Deal Mary Jordan,2020-06-16 This revelatory biography of Melania Trump from Pulitzer Prize winning Washington Post reporter Mary Jordan deftly and without agenda decodes Melania Trump NBC News who is far more influential in the White House than most people realize Based on interviews with more than one hundred people in five countries The Art of Her Deal The Untold Story of Melania Trump draws an unprecedented portrait of the first lady While her public image is of an aloof woman floating above the political gamesmanship of Washington behind the scenes Melania Trump is not only part of President Trump s inner circle but for some key decisions she has been his single most influential adviser Throughout her public life Melania Trump has purposefully worked to remain mysterious With the help of key people speaking publicly for the first time and never before seen documents and tapes The Art of Her Deal looks beyond the surface image to find a determined immigrant and the life she had before she met Donald Trump Mary Jordan traces Melania s journey from Slovenia where her family stood out for their nonconformity to her days as a fledgling model known for steering clear of the industry s hard partying scene to a tiny living space in Manhattan she shared platonically with a male photographer to the long complicated dating dance that finally resulted in her marriage to Trump Jordan documents Melania s key role in Trump s political life before and at the White House and shows why he trusts her instincts above all The picture of Melania Trump that emerges in The Art of Her Deal is one of a woman who is savvy steely ambitious deliberate and who plays the long game And while it is her husband who became famous for the phrase the art of the deal it is she who has consistently used her leverage to get exactly what she wants This is the story of the art of her deal
