justice ancient sources also linked this activity with historical and mythical figures who opposed the populist regime By examining this highly nuanced portrayal of writing Steiner offers a new perspective on ancient views of written law and its role in fifth century Athenian democracy Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **A**
