Beyond States and Spies Lewis Sage-Passant, Scholars have long viewed intelligence as the preserve of nation states Where the term private sector intelligence is used the focus has been overwhelmingly on government contractors As such a crucial aspect of intelligence power has been overlooked the use of intelligence by corporations to navigate and influence the world Where there has been academic scrutiny of the field it is seen as a post 9 11 phenomenon and that a state monopoly of intelligence has been eroded Beyond States and Spies demonstrates through original research that such a monopoly never existed Private sector intelligence is at least as old as the organised intelligence activities of the nation state The book offers a comparative examination of private and public intelligence and makes a compelling case for understanding the dangers posed by unregulated intelligence in private hands Overall this casts new light on a hitherto under investigated academic space
