

Spring

The wind told the grass
And the grass told the trees.

The trees told the bushes
And the bushes told the bees.

The bees told the robin
And the robin sang out clear,

"Wake up!
Wake up!
Spring is here!"

Latin literature and in particular the works of the Christian Latin authors they had studied at school It is the first full length study to look specifically at what Old English poets working in a Latinate milieu attempted to do with the schemes and figures they found in their sources Janie Steen argues that far from sterile imitation the inventiveness of Old English poets coupled with the constraints of vernacular verse produced a vital and markedly different kind of poetry Highlighting a selection of Old English poetic translations of Latin texts she considers how the translators responded to the challenge of adaptation and shows how the most accomplished such as Cynewulf absorb Latin rhetoric into their own style and blend the two traditions into verse of great virtuosity With its wide ranging discussion of texts and rhetorical figures this book can serve as an introduction to Old English poetic composition and style Verse and Virtuosity will be of considerable interest to Anglo Saxonists linguists and those studying rhetorical traditions
