Spy Renegade Book English Edition:

Irish Novels 1890-1940 John Wilson Foster, 2008-02-21 Studies of Irish fiction are still scanty in contrast to studies of Irish poetry and drama Attempting to fill a large critical vacancy *Irish Novels 1890 1940* is a comprehensive survey of popular and minor fiction mainly novels published between 1890 and 1922 a crucial period in Irish cultural and political history Since the bulk of these sixty odd writers have never been written about certainly beyond brief mentions the book opens up for further exploration a literary landscape hitherto neglected perhaps even unsuspected This new landscape should alter the familiar perspectives on Irish literature of the period first of all by adding genre fiction science fiction detective novels ghost stories New Woman fiction and Great War novels to the Irish syllabus secondly by demonstrating the immense contribution of women writers to popular and mainstream Irish fiction Among the popular and prolific female writers discussed are Mrs J H Riddell B M Croker M E Francis Sarah Grand Katharine Tynan Ella MacMahon Katherine Cecil Thurston W M Letts and Hannah Lynch Indeed a critical inference of the survey is that if there is a discernible tradition of the Irish novel it is largely a female tradition A substantial postscript surveys novels by Irish women between 1922 and 1940 and relates them to the work of their female antecedents This ground breaking survey should also alter the familiar perspectives on the Ireland of 1890 1922 Many of the popular works were problem novels and hence throw light on contemporary thinking and debate on the Irish Question After the Irish Literary Revival and creation of the Free State much popular and mainstream fiction became a lost archive neglected evidence indeed of a lost Ireland

Spies in Arabia Priya Satia, 2008-04-02 At the dawn of the twentieth century British intelligence agents began to venture in increasing numbers to the Arab lands of the Ottoman Empire a region of crucial geopolitical importance spanning present day Iraq Jordan Syria and Saudi Arabia They were drawn by the twin objectives of securing the land route to India and finding adventure and spiritualism in a mysterious and ancient land But these competing desires created a dilemma how were they to discreetly and patriotically gather facts in a region they were drawn to for its legendary inscrutability and by the promise of fame and escape from Britain In this groundbreaking book Priya Satia tracks the intelligence community's tactical grappling with this problem and the myriad cultural institutional and political consequences of their methodological choices during and after the Great War She tells the story of how an imperial state in thrall to the cultural notions of equivocal agents and beset by an equally captivated and increasingly assertive mass democracy invented a wholly new style of covert empire centered on the world's first brutal aerial surveillance regime in Iraq Drawing on a wealth of archival sources from the fictional to the recently declassified this book explains how Britons reconciled genuine ethical scruples with the actual violence of their Middle Eastern empire As it vividly demonstrates how imperialism was made fit for an increasingly democratic and anti-imperial world what emerges is a new interpretation of the military cultural and political legacies of the Great War and of the British Empire in the twentieth century Unpacking the romantic fascination with Arabia as the land of espionage *Spies in*

Arabia presents a stark tale of poetic ambition war terror and failed redemption and the prehistory of our present discontents

Agents of Empire Noel Malcolm,2015-05-28 In the second half of the sixteenth century most of the Christian states of Western Europe were on the defensive against a Muslim superpower the Empire of the Ottoman sultans There was violent conflict from raiding and corsairing to large scale warfare but there were also many forms of peaceful interaction across the surprisingly porous frontiers of these opposing power blocs Agents of Empire describes the paths taken through the eastern Mediterranean and its European hinterland by members of a Venetian Albanian family almost all of them previously invisible to history They include an archbishop in the Balkans the captain of the papal flagship at the Battle of Lepanto the power behind the throne in the Ottoman province of Moldavia and a dragoman interpreter at the Venetian embassy in Istanbul

Through the life stories of these adventurous individuals over three generations Noel Malcolm casts the world between Venice Rome and the Ottoman Empire in a fresh light illuminating subjects as diverse as espionage diplomacy the grain trade slave ransoming and anti Ottoman rebellion He describes the conflicting strategies of the Christian powers and the extraordinarily ambitious plans of the sultans and their viziers Few works since Fernand Braudel s classic account of the sixteenth century Mediterranean published more than sixty years ago have ranged so widely through this vital period of Mediterranean and European history A masterpiece of scholarship as well as story telling *Agents of Empire* builds up a panoramic picture both of Western power politics and of the interrelations between the Christian and Ottoman worlds
