Voodoo Handbook Of Cult Secrets:

Voodoo Handbook of Cult Secrets Anna Riva, 1974-01-01 *Vodou Visions* Sallie Ann Glassman, 2014-08-30 This book introduces readers to Vodou's rich history powerful ancestors and vibrant spirits known as Lwa With more than one hundred breathtaking illustrations *Vodou Visions* reveals how to honor and invoke the Lwa with specific ceremonial offerings and litanies Using methods drawn from more than twenty years of practice Vodou priestess Sallie Ann Glassman shares purification and empowerment rituals for individuals communities homes and spiritual spaces *Grimoires* , 2010-09-23 What is a grimoire The word has a familiar ring to many people particularly as a consequence of such popular television dramas as *Buffy the Vampire Slayer* and *Charmed* But few people are sure exactly what it means Put simply grimoires are books of spells that were first recorded in the Ancient Middle East and which have developed and spread across much of the Western Hemisphere and beyond over the ensuing millennia At their most benign they contain charms and remedies for natural and supernatural ailments and advice on contacting spirits to help find treasures and protect from evil But at their most sinister they provide instructions on how to manipulate people for corrupt purposes and worst of all to call up and make a pact with the Devil Both types have proven remarkably resilient and adaptable and retain much of their relevance and fascination to this day But the grimoire represents much more than just magic To understand the history of grimoires is to understand the spread of Christianity the development of early science the cultural influence of the print revolution the growth of literacy the impact of colonialism and the expansion of western cultures across the oceans As this book richly demonstrates the history of grimoires illuminates many of the most important developments in European history over the last two thousand years Spiritual Merchants Carolyn Morrow Long, 2001 They can be found along the side streets of many American cities herb or candle shops catering to practitioners of Voodoo hoodoo Santería and similar beliefs Here one can purchase ritual items and raw materials for the fabrication of traditional charms plus a variety of soaps powders and aromatic goods known in the trade as spiritual products For those seeking health or success love or protection these potions offer the power of the saints and the authority of the African gods In *Spiritual Merchants* Carolyn Morrow Long provides an inside look at the followers of African based belief systems and the retailers and manufacturers who supply them Traveling from New Orleans to New York from Charleston to Los Angeles she takes readers on a tour of these shops examines the origins of the products and profiles the merchants who sell them Long describes the principles by which charms are thought to operate how ingredients are chosen and the uses to which they are put She then explores the commodification of traditional charms and the evolution of the spiritual products industry from small scale mail order doctors and hoodoo drugstores to major manufacturers who market their products worldwide She also offers an eye opening look at how merchants who are not members of the culture entered the business through the manufacture of other goods such as toiletries incense and pharmaceuticals Her narrative includes previously unpublished information on legendary Voodoo

queens and hoodoo workers as well as a case study of John the Conqueror root and its metamorphosis from spirit embodying charm to commercial spiritual product No other book deals in such detail with both the history and current practices of African based belief systems in the United States and the evolution of the spiritual products industry For students of folklore or anyone intrigued by the world of charms and candle shops *Spiritual Merchants* examines the confluence of African and European religion in the Americas and provides a colorful introduction to a vibrant aspect of contemporary culture The Author Carolyn Morrow Long is a preservation specialist and conservator at the the Smithsonian Institution s National Museum of American History
