Poetry People Sylvia M. Vardell, 2007-06-30 Dr Sylvia Vardell's new children's poetry reference book provides a comprehensive introduction to more than 60 contemporary young people's poets. Focusing primarily on those who are still actively writing today, the author includes poets appropriate for young children through young adults. Each entry features brief biographical information, highlights selected poetry books, authored showcases, awards won, notes, related Web sites, and provides suggestions for making connections, programming ideas, related books, and activities. The book is ideal for librarians who serve children and young adults as well as for teachers and others who work with children and young adults. Beginning with Arnold Adoff, the list of poets is both impressive and informative. A sample: Francisco Alarcon, Aileen Fisher, Douglas Florian, Nikki Giovanni, Kristine O'Connell, George Jane Yolen, Eloise Greenfield, John Ciardi, and many more. **The Quick Guide to Simultaneous, Hybrid, and Blended Learning** Douglas Fisher, Nancy Frey, John Almarode, Aleigha Henderson-Rosser, 2021-03-06 What a year! Twelve months and counting since COVID expanded, stretched, and blurred the boundaries of teaching and learning. At least one thing has remained constant: our commitment as educators to move learning forward. It's just the context that keeps changing. Why? Doug Fisher, Nancy Frey, John Almarode, and Aleigha Henderson-Rosser have created a follow-up to *The Distance Learning Playbook*, their all-new *Quick Guide to Simultaneous, Hybrid, and Blended Learning*. First, to be clear: simultaneous learning must not be an additive meaning we combine two entirely different approaches and double our workload. That's unsustainable. Instead, we must extract, integrate, and implement what works best from both distance learning and face-to-face learning environments. Then, and only then, Doug, Nancy, John, and Aleigha insist, can we maximize the learning opportunities for all of our students. To that end, *The Quick Guide to Simultaneous, Hybrid, and Blended Learning* describes how to: Have clarity about the most important learning outcomes for our students. This will help us decide what is best done asynchronously and what is best done with our Roomies and Zoomies. Capitalize on the potential of asynchronous learning and use that valuable time to preview and review. This way we can draw on evidence from these tasks to help us decide where to go next in our teaching and our students' learning. Utilize synchronous learning for collaborative learning and scaffolding of content skills and essential understandings. In doing so, we can collect additional evidence of students' learning so that we provide feedback that moves learning forward. Establish norms for combining synchronous and face-to-face environments in simultaneous learning. Importantly, we have to set up the environment for our Roomies and Zoomies to learn together. Develop learning experiences and tasks that maximize learner engagement for all learners in all settings. Focus on acceleration and learning recovery. In other words, no more deficit thinking. Our students are where they are, and there are specific things that we can do to ensure their learning. Implement the guide's many resources, strategies, and templates. None of us chose to be in a situation where some learners are physically in our classrooms while others attend virtually and remotely. Write, Doug, Nancy, John, and Aleigha. However, what we hope to convey is that we've got

this While the context is different the principles behind clarity planning high yield strategies and interventions student learning and assessment hold steady This is where The Quick Guide to Simultaneous Hybrid and Blended Learning will prove indispensable on this next leg of our journey **Trophies** Harcourt, Inc,2007 *Poetry Aloud Here!* Sylvia M. Vardell,2006-02-20 From choosing a poem and developing presentations that will keep the audience captivated to using promotional displays and materials Poetry Aloud Here takes the reader through all the steps of introducing poetry for children *Sharing the Journey* David Yellin,2017-05-12 This wonderful resource from two authors with an infectious enthusiasm for children s literature will help readers select and share quality books for and with young children Specifically focused on infants through the third grade Sharing the Journey contains descriptive book annotations instructive commentary and creative teaching activities tailored for those important years Extensive book lists throughout will help readers build a library of quality children s literature Books representing other cultures are included to help celebrate diversity as well as cultural connection Genre chapters include poetry fantasy and realistic and historical fiction A chapter on informational books demonstrates how young children can be introduced to and learn to enjoy nonfiction *Multicultural Children's Literature* Ambika Gopalakrishnan,2010-04-22 This book is designed to prepare K 12 preservice and inservice teachers to address the social cultural and critical issues of our times through the use of multicultural children s books It will be used as a core textbook in courses on multicultural children s literature and as a supplement in courses on children s literature and social studies teaching methods It can also be used as a supplement in courses on literacy reading language arts and multicultural education **Using Poetry Across the Curriculum** Barbara Chatton,2010-01-13 This comprehensive listing and discussion of poetic works supports the standards of all areas of the curriculum helping librarians and teachers working with kindergarten through middle school students This second edition of Using Poetry Across the Curriculum Learning to Love Language offers a comprehensive list of poetry anthologies poetic picture books and poetic prose works in a wide variety of subject areas While it maintains the original edition s focus on ideas and resource lists for integration of poetry into all areas of the curriculum it is thoroughly revised to cover current issues in education and the wealth of new poetry books available The book is organized by subject areas commonly taught in elementary and middle schools and within these by the national standards in each area Numerous examples of poetry and poetic prose that can be used to help students understand and appreciate aspects of the standard are listed A sampling of units that arise from groups of works writing and performance ideas and links across the curriculum is also included While many teaching ideas and topics provide references to the standards they meet this title is unique in starting with those standards and making links across them **A Celebration of Literature and Response** Marjorie R.
