Cheers and Tears Charles G. Cooper, 2002 Cheers and Tears the memoirs of Lieutenant General Charles G Cooper U S Marine Corps Retired details one man's amazing rise in the armed forces a man who witnessed the genesis of the Vietnam War from where it started *Retaining Your Best College Professors* Jeffrey L. Buller, 2021-10-15 Faculty recruitment is a major expense for colleges and universities and schools devote a considerable amount of their resources to the hiring process But many of these institutions fail to devote the same attention to retaining college professors We've learned through many studies that it's far less expensive to retain a student you have than to recruit a new one Why is this lesson not also applied to

the college faculty This book addresses why higher education currently has a faculty retention problem and then explores the strategies needed to address that problem But now all faculty members are alike Minority faculty members have their own retention challenges as do highly competitive researchers part time and temporary faculty members who excel at teaching and other key groups The best ways to retain the junior faculty are not necessarily the best ways to retain mid career and senior faculty By examining best practices currently in place in higher education and then combining those insights with research conducted in the corporate world the book encourages colleges and universities to develop a culture of retention that applies to students and faculty members alike
