The Canadian Christian higher education scene comprises a wide range of institutions including Christian universities, Bible colleges, and seminaries, and graduate schools. Each type has its own distinctive history and likewise represents both challenges and opportunities. Even though they are intertwined in their common purpose, these higher educational institutions express this purpose in various ways. This volume is a collection of the papers and plenary talks designed to share the content of the symposium with a wider audience. The papers are all written by active scholars and researchers who are connected to the member institutions of Christian Higher Education Canada (CHEC). They not only illustrate the quality of the scholarship at these institutions but they make their own critical contribution to an ongoing discussion regarding the role and place of Christian higher education within the wider society. This volume is intended to be helpful to students, faculty, staff, board members, and supporters of Canadian and other Christian higher education institutions, as well as interested
