Emotions Revealed Paul Ekman, 2012-11-15 You'll never look at people in quite the same way again. **EMOTIONS REVEALED** is a tour de force. Malcolm Gladwell, bestselling author of **BLINK**. A fascinating and enormously helpful picture of our emotional lives. John Cleese, A charming sound sane map to the world of emotions, the perfect guide. Daniel Goleman, author of **EMOTIONAL INTELLIGENCE**. Using 40 years of groundbreaking research, Paul Ekman explores why and when we become emotional and what happens when we do. The external signs and facial expressions. So much of what we communicate is non-verbal. In this very practical book, Paul Ekman helps the reader to observe the underlying concealed emotions that we can observe in those around us and understand why our bodies react in the ways they do. **EMOTIONS REVEALED** also helps the reader to identify why they might feel overly emotional in some situations and why some people wear their heart on their sleeve whilst others manage to conceal their feelings even from those close to them. Chapters include: When do we get emotional? Changing what we become emotional about as well as Anger, Fear, Surprise and Happiness. Most importantly, it shows how we can apply this understanding to everyday situations to improve our quality of life.

Emotions Revealed Paul Ekman, 2003-04-07 Renowned psychologist Paul Ekman explains the roots of our emotional responses from anger and fear to sadness and happiness and shows how these emotions cascade across our faces, revealing information to those who can decipher the clues. Ekman's research and practical training were prominently featured in Malcolm Gladwell's bestseller **Blink** and the insights in **Emotions Revealed** provide us with the skills to recognize feelings in our spouses, children, business colleagues, even strangers on the street. Ekman translates his research into a practical, mind-opening guide to reading the emotions of those around us. He explains what triggers emotions and whether we can control them, shows how our body signals to others whether we are slightly sad or truly anguished, peeved or enraged and teaches us how to distinguish between a polite smile and the genuine thing. Packed with unique exercises and photographs and a new chapter on emotions and lying that discusses how to identify possible deceit hot spots in everyday life, **Emotions Revealed** is an indispensable resource for navigating our emotional world.
