Kettlebell Conjugate V2 Douglas Seamans,2021-08-23 This program is my brain child after completing Gregor s original conjugate program and wanting to write a program that was more long cycle specific and wanting to double the length of the program and add some volume I also wanted to add in some more strength and conditioning work All of the information in this program and it s design is the culmination of training under multiple coaches competing at three IUKL world championships and multiple national championships in America and Canada as well as European championships I am an advocate for learning from as many people as possible and this program uses information

and methods learned from not only Gregor Sobocan but all of my coaches as well as methods and theories developed by Louie Simmons of Westside Barbell and a few tricks we developed at our gym Pride Conditioning I truly hope you enjoy this program and I am confident you will have fun with it This program is challenging but doable and it is great for intermediate and advanced lifters looking for a different format in their off season training ATTENTION If you do not know how to use a kettlebell how to squat how to deadlift how to do a clean and jerk on a barbell or with a kettlebell and if you have never competed in a kettlebell lifting competition this book is NOT for you This is not a how to lift kettlebells book this is a program for intermediate to advanced lifters And I highly recommend you complete Coach Gregor s original conjugate program first before attempting this program
