The Supernatural and Fantastic in Short Detective Fiction Laird R. Blackwell,2020-11-23 Although fantasy and supernatural literature have long and celebrated histories many critics contend that the fantastic and the supernatural have no place in the logical rational world of the detective story This book is the first extensive study of the fantastic in detective fiction and it explores the highly debated question of whether detective fiction and the fantastic can comfortably coexist The locked room mystery which often uses the fantastic as a red herring to eventually be debunked by reason and logic has long been among the most popular subgenres of detective fiction This book also explores stories featuring almost supernaturally gifted detectives stories where the supernatural is truly encountered and stories with ambiguous endings Close to 500 detective stories from 1841 to 2000 in which the fantastic or supernatural plays a central role are discussed and analyzed Although not all the stories are judged to be successful as detective tales in the great majority the fantastic enlivens the tale and deepens the mystery without weakening the detective elements **Xenofestation 4-03 - Gambler's Roll** Paragonas Vaunt,2024-12-12 Disaster strikes The participants in the secretive Xenoplantation Programme find themselves trapped beset on all sides by hungry tentacles lusty goblins and an alien creature set on its own purpose And all the while there is the ever present risk of being ejected into the Sun Only one woman can organise a fight for survival and try to save them all But time and patience are running out in more ways than one Twelve women Sixty aliens One purpose Xenofestation 4 03 Gambler s Roll is the eighteenth explosive episode of a series of darkly humorous erotic sci fi adventures of oviposition and alien implantation The Classic Fairy Tales (Second Edition) (Norton Critical Editions) Maria Tatar,2017 I have used this
