## Parents Day Speech

Prepared by: [Your Name]

Happy Parents Day, everyone!

Today, we come together to celebrate Parents' Day, a day dedicated to honoring those who have given us the most priceless gifts—love, support, and the very foundation of our lives. So, let's take a moment to acknowledge and appreciate the invaluable contributions of our parents. From the first steps we took to the first words we spoke, our parents have been there, guiding and nurturing us every step of the way. They have inspired us with their strength and instilled within us the values that shape who we are today.

Being a parent is not easy. It's a role that often goes undefined, as it encompasses a myriad of tasks and responsibilities. Our parents are our first teachers, our biggest supporters, and our most reliable friends. They teach us to dream and to chase those dreams with unwavering determination.

In the hustle and bustle of our daily lives, we sometimes forget to say thank you. Today, let's change that. Let's express our gratitude and shower them with the appreciation they so rightfully deserve. A simple 'thank you' can mean the world to them.

As we celebrate this special day, let's also pledge to make every day a Parents' Day. Let's cherish those moments and build lasting memories. Remember, it's the little things that count the most.

To all the parents out there, thank you for your endless love, your tireless efforts, and your boundless wisdom. You are the unsung heroes of our lives, and today, we sing your praises loud and clear.

Thank you.

## **Parent Night Speeches:**

**The Speeches of Fannie Lou Hamer** Maegan Parker Brooks, Davis W. Houck, 2011-01-03 Most people who have heard of Fannie Lou Hamer 1917-1977 are aware of the impassioned testimony that this Mississippi sharecropper and civil rights activist delivered at the 1964 Democratic National Convention. Far fewer people are familiar with the speeches Hamer delivered at the 1968 and 1972 conventions to say nothing of addresses she gave closer to home or with Malcolm X in Harlem or even at the founding of the National Women's Political Caucus. Until now dozens of Hamer's speeches have been buried in archival collections and in the basements of movement veterans. After years of combing library archives, government documents and private collections across the country, Maegan Parker Brooks and Davis W. Houck have selected twenty-one of Hamer's most important speeches and testimonies. As the first volume to exclusively showcase Hamer's talents as an orator, this book includes speeches from the better part of her fifteen-year activist career delivered in response to occasions as distinct as a Vietnam War Moratorium Rally in Berkeley, California, and a summons to testify in a Mississippi courtroom. Brooks and Houck have coupled these heretofore unpublished speeches and testimonies with brief critical descriptions that place Hamer's words in context. The editors also include the last full-length oral history interview Hamer granted: a recent oral history interview Brooks conducted with Hamer's daughter, as well as a bibliography of additional primary and secondary sources. **The Speeches of Fannie Lou Hamer** demonstrates that there is still much to learn about and from this valiant black freedom movement activist.

**International Handbook of Migration, Minorities and Education** Zvi Bekerman, Thomas Geisen, 2011-10-06 Migrants and minorities are always at risk of being caught in essentialized cultural definitions and being denied the right to express their cultural preferences because they are perceived as threats to social cohesion. Migrants and minorities respond to these difficulties in multiple ways as active agents in the pedagogical, political, social and scientific processes that position them in this or that cultural sphere. On the one hand, they reject ascribed cultural attributes while striving towards integration in a variety of social spheres, e.g., school and workplace, in order to achieve social mobility. On the other hand, they articulate demands for cultural self-determination. This discursive duality is met with suspicion by the majority culture. For societies with high levels of migration or with substantial minority cultures, questions related to the meaning of cultural heterogeneity and the social and cultural limits of learning and communication, e.g., migration, education or critical multiculturalism, are very important. It is precisely here where the chances for new beginnings and new trials become of great importance for educational theorizing, which urgently needs to find answers to current questions about individual freedom, community, cultural affiliations and social and democratic cohesion. Answers to these questions must account for both political and learning perspectives at the macro, mezzo and micro contextual levels. The contributions of this edited volume enhance the knowledge in the field of migrant minority education with a special emphasis on the meaning of culture and social learning for educational processes.

information across boundaries to allow each state to help itself The time honored practice of pollute and move on is no longer acceptable Hardin tells us We now fill the globe and we have no where else to go In this powerful book one of our leading ecological philosophers points out the hard choices we must make and the solutions we have been afraid to consider **My Grandmother Was From Wales** E. own workplace meant she could no longer be ambivalent about women's rights. She could no longer buy the media coverage of feminists as man-hating, abrasive and unfeminine. But what could she do? Sandler soon discovered that none of the obvious laws prohibiting discrimination covered sex discrimination in education. Sandler's work led to the passage of Title IX, making it illegal once and for all for a federally funded institution to discriminate against someone based on their sex, including in education. This had a profound effect for women in the workplace, in school and in sports. Bernice Sandler and the Fight for Title IX drives home the message that it doesn't take a person with power to make a difference. More often it takes determination. When confronted with injustice, regular people can effect change. Also includes extensive backmatter about How To Be an Activist, written by Know Your IX, a survivor and youth-led project of Advocates for Youth that aims to empower students to end sexual and dating violence in their schools. *The Parliamentary Review and Family Magazine*, 1833
